BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR COMPENSATION UNDER ORS 197.352 (BALLOT MEASURE 37) OF Beulah I. Brown, CLAIMANT	))))	FINAL ORDER CLAIM NO. M121802

Claimant: Beulah I. Brown (the Claimant)

Property: Township 2N, Range 3W, Section 24, Tax lot 1000, Washington County (the Property)

Claim: The demand for compensation and any supporting information received from the Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Beulah Brown's division of the 45-acre property into 22 parcels or to her development of a dwelling on each parcel: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33. These land use regulations will not apply to Beulah Brown only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on September 20, 1950.

2. The action by the State of Oregon provides the state's authorization to Beulah Brown to use the property for the use described in this report, subject to the standards in effect on September 20, 1950.

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless Beulah Brown first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a

"permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by Beulah Brown under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for Beulah Brown to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves Beulah Brown from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to her use of the subject property.

This Order is entered by the Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Deputy Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review under ORS 183.484: Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 may be filed in the Circuit Court for Marion County or the Circuit Court in the county in which you reside.

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352[1], the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

(Copies of the documents that comprise the record are available for review at the Department's office at 635 Capitol Street NE, Suite 150, Salem, Oregon 97301-2540)

FOR INFORMATION ONLY

The Oregon Department of Justice has advised the Department of Land Conservation and Development that "[i]f the current owner of the real property conveys the property before the new use allowed by the public entity is established, then the entitlement to relief will be lost."

[1] By order of the Marion County Circuit Court, "all time lines under Measure 37 [were] suspended indefinitely" on October 25, 2005. This suspension was lifted on March 13, 2006 by the court. As a result, a period of 139 days (the number of days the time lines were suspended) has been added to the 180-day time period under ORS 197.352(6) for claims that were pending with the state on October 25, 2005.

ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION

OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
Final Staff Report and Recommendation

June 19, 2006

STATE CLAIM NUMBER:	M121802
NAMES OF CLAIMANTS:	Beulah I. Brown Milton O. Brown
MAILING ADDRESS:	8320 Northeast Highway 99 Vancouver, Washington 98665
PROPERTY IDENTIFICATION:	Township 2N, Range 3W, Section 24 Tax lot 1000 Washington County
OTHER CONTACT INFORMATION:	Bob Harris 380 Southwest 5th Street #122 Madras, Oregon 97741
DATE RECEIVED BY DAS:	August 9, 2005
180-DAY DEADLINE:	June 24, 2006[1]

I. SUMMARY OF CLAIM

The claimants, Beulah and Milton Brown, seek compensation in the amount of $2 million for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide the 45-acre property into 22 parcels and to develop a dwelling on each parcel. The subject property is located on Mead Lane, near North Plains, in Washington County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid in part. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Beulah Brown's division of the 45-acre property into 22 parcels and to her development of a dwelling on each parcel: applicable provisions of Statewide Planning Goal 3

[1] This date reflects 180 days from the date the claim was submitted, as extended by the 139 days that all timelines under Measure 37 were suspended during the pendency of *MacPherson v. Dept. of Admin. Srvcs.*, 340 Or 117 (2006).

(Agricultural Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33. These laws will not apply to Beulah Brown only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on September 20, 1950.

The department has further determined that Milton Brown's claim is not valid because no state land use regulations restrict Milton Brown's right to use the subject property in a manner that reduces its fair market value. (See the complete recommendation in Section VI. of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On September 27, 2005, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or

2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on August 9, 2005, for processing under OAR 125, division 145. The claim identifies all state land use regulations and ordinances enacted since 1950 as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines "owner" as "the present owner of the property, or any interest therein."

Findings of Fact

Claimant Beulah Brown acquired the subject property on September 20, 1950, as reflected by a warranty deed included with the claim. Beulah Brown conveyed the property to claimant Milton Brown on May 4, 1984, reserving in herself a life estate in the property. The Washington County Assessor's Office confirms the claimants' current ownership of the subject property.

Conclusions

Claimant Beulah Brown is an "owner" of the subject property as that term is defined by ORS 197.352(11)(C) as of September 20, 1950. Milton Brown is an "owner" of the subject property as of May 4, 1984, subject to Beulah Brown's life estate interest.

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants' use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

Findings of Fact

The claim indicates that the claimants desire to divide the 45-acre property into 22 parcels and develop a dwelling on each parcel. The claim identifies all state land use regulations and ordinances enacted since 1950 as preventing the desired use.[2]

The claim is based generally on Washington County's current AF-20 zone and the applicable provisions of state law that require such zoning. The claimants' property is zoned AF-20 as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the claimants' property is "agricultural land" as defined by Goal 3.[3] Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by the Goal be zoned Exclusive Farm Use (EFU) pursuant to ORS 215.

---

[2] Claimants have summarily cited numerous state laws as applicable to this claim, but do not establish how each of the laws either applies to the subject property or restricts its use in a manner that reduces its fair market value. On their face, most of these regulations either do not apply to the subject property or do not restrict its use in a manner that reduces its fair market value. This report addresses only those regulations that the department finds are applicable to and restrict the claimants' use of the subject property, based on the claimants' asserted desired use.

[3] The claimants' property is "agricultural land" because it contains Natural Resources Conservation Service Class I-IV soils.

Current land use regulations, particularly ORS 215.213, 215.263 and 215.780 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, prohibit the division of EFU-zoned land in marginal lands counties into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on that land.

ORS 215.780 establishes an 80-acre minimum size for the creation of new lots or parcels in EFU zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.213 (2005 edition) establishes standards for the creation of new parcels for non-farm uses and dwellings allowed in an EFU zone.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone in a marginal lands county under ORS 215.213. OAR 660-033-0130(4)(e) (applicable to non-farm dwellings in marginal lands counties) became effective on August 7, 1993. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130 and -0135.)

Claimant Beulah Brown acquired the subject property on September 20, 1950, prior to the adoption of the statewide planning goals and their implementing statutes and regulations.

Claimant Milton Brown acquired an interest in the property on May 4, 1984. However, the deed by which he acquired the property expressly reserves in Beulah Brown a life estate in the property, thereby reserving in her exclusive rights to use the property during her lifetime. Mr. Brown's ownership interest does not provide him with any present right to use the subject property during the term of Beulah Brown's life estate. Because he has no present right to use the subject property, no land use regulations restrict his use of the property.

Conclusions

The current zoning requirements, minimum lot size and dwelling standards established by applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, were all enacted or adopted after Beulah Brown acquired the subject property in 1950 and do not allow the desired division or residential development of the property. These laws restrict the use of the subject property relative to the uses allowed when Beulah Brown acquired the property. Because Mr. Brown's ownership interest does not provide him with any present right to use the subject property, no land use regulations restrict his use of the property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimants have identified. There may be other laws that currently apply to Beulah Brown's use of the subject property, and that may continue to apply to her use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of subject property until there is a specific proposal for that use. When the Beulah Brown seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

Findings of Fact

The claim includes an estimate of $2 million as the reduction in the subject property's fair market value due to the regulation(s). This amount is based on the claimants' assessment of the subject property's fair market value.

Conclusions

As explained in Section V.(1) of this report, the claimants are Beulah and Milton Brown. Beulah Brown acquired the subject property on September 20, 1950. Milton Brown acquired an interest in the subject property in 1984, subject to Beulah Brown's life estate. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since Beulah Brown acquired the subject property restrict Beulah Brown's desired use of the property. The claimants estimate that the effect of the regulation(s) on the subject property's fair market value is a reduction of $2 million.

Without an appraisal or other relevant evidence, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department since Beulah Brown acquired the subject property. Because Milton Brown has no present right to use the subject property, and no land use regulations restrict his use of the property, the value of his interest in the property has not been reduced.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including Goal 3, ORS 215 and OAR 660, division 33, which Washington County has implemented through its current AF-20 zone. All of these land use regulations were enacted or adopted after Beulah Brown acquired the subject property in 1950.

Conclusions

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that none of the general statutory, goal and rule restrictions on division and development of the subject property were in effect when Beulah Brown acquired the property in 1950. As a result, these laws are not exempt under ORS 197.352(3)(E).

Laws in effect when Beulah Brown acquired the subject property are exempt under ORS 197.352(3)(E) and will continue to apply to her use of the property. There may be other laws that continue to apply to Beulah Brown's use of the property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When Beulah Brown seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the uses that the claimants have identified. Similarly, this report addresses only the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to Beulah Brown's use of the subject property.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the subject property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the subject property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict Beulah Brown's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by $2 million. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which Beulah Brown's desired use of the property was allowed under the standards in effect

when she acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent since Beulah Brown acquired the property. Because Milton Brown's ownership interest in the property does not provide him with any present right to use the subject property, no land use regulations enforced by the Commission or the department have had the effect of reducing the fair market value of the property since he acquired it.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Beulah Brown to use the subject property for a use permitted at the time she acquired the property on September 20, 1950.

Conclusions

Based on the record before the department, Milton Brown is not entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because no state land use regulations restrict Milton Brown's right to use the subject property in a manner that reduces its fair market value. Therefore, the department recommends that Milton Brown's claim be denied.

The department further recommends that Beulah Brown's the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Beulah Brown's division of the 45-acre property into 22 parcels or to her development of a dwelling on each parcel: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33. These land use regulations will not apply to Beulah Brown only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on September 20, 1950.

2. The action by the State of Oregon provides the state's authorization to Beulah Brown to use the property for the use described in this report, subject to the standards in effect on September 20, 1950.

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless Beulah Brown first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by Beulah Brown under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for Beulah Brown to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves Beulah Brown from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to her use of the subject property.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on June 1, 2006. OAR 125-145-0100(3), provided an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
