Petitions are requesting that the Marine Board amend OAR 250-020-0385 to read as follows:

250-020-0385
Boat Operations in Yamhill and Marion Counties

(1) No person shall operate a motorboat in excess of 5 MPH during July and August between river miles 44.5 and 45.0, as marked during the hours of 7–10 p.m. Thursdays through Sundays, during evenings on which the historic Champoeg Pageant is performed.

(2) On the Willamette River from the [~~Hwy 219 Bridge at RM 48.5~~] **old Newberg-St. Paul Bridge at RM 50** to the upper end of Willow Island at RM 31.5, the following rules apply:

(a) No person shall operate a motorboat at a speed in excess of a "slow—no wake" speed within 100 feet of private docks, boathouses or moorages legally permitted by the Oregon Department of State Lands.

(b) No person shall use wake-enhancing devices, including ballast tanks, wedges or hydrofoils or other mechanical devices, or un-even loading of persons or gear, to artificially operate bow-high.

(c) Effective 12:01 am, May 1, 2014 and ending October 31, 2014, 11:59 pm, the use of wake-enhancing devices from the Hwy 219 Bridge at RM 48.5 to RM 47 are allowed.

Stat. Auth.: ORS 830
Stats. Implemented: ORS 830.110 & 830.175

Request:

This requested rule change is needed to protect our docks, river banks and other property. These big wakes are a danger to our children swimming, canoeing and paddle boarding.

This rule change does not have any negative impact on businesses and does not conflict with other local, state, or federal rules.

Please see attached comments from homeowners who are requesting this rule change.

Mr. Rollin Robertson

PETITION

Oregon State Marine Board for rule change.

Boats operating in Yamhill and Marion counties from 219 Bridge to the old Newberg, St. Paul Bridge.

a) No person shall operate a motor boat in excess of a slow- no wake speed within 100 feet of private docks or house boats.
b) No person shall use wake enhancing devices including ballast tanks, wedges, hydrofoils, other mechanical devices, or uneven loading of persons or gear, to artificially operate bow high.

Reason we need this rule-

To protect our docks, river banks, and other property. These big wakes are a danger to our children swimming, canoeing, and paddle boarding.
