RE: 2017 Nursing Facility License Renewal

Dear Administrator,

Nursing Facility license renewal requires submission of application materials, license fee and findings of substantial compliance following on-site inspection, [[ORS 441.022](#) & [441.025\(2\)](#)]. Please see this link to the relevant [Administrator Alert](#).

Beginning with 2014 license renewal, the Department transitioned from a calendar year licensing cycle to a license term that begins when the facility is in substantial compliance with the annual certification and licensure survey. Upon the Department's receipt of application materials, the license renewal fee and survey findings of substantial compliance, the 2017 license will be issued.

Please note: The existing Nursing Facility license remains valid past the effective date unless the Department implements non-renewal actions, [[ORS 441.030](#), [OAR 411-089](#)].

Please post a copy of this letter with the facility license.

Please contact APD Safety, Oversight and Quality Unit, Nursing Facility Licensing for any questions.
