New Training Certification Program

We are receiving phone calls letting us know that some of you have heard exciting news about a new Professional Development Certification program to be launched in 2017. We are working on the guidelines for the new program, but we still must wait for the ratification of the collective bargaining agreement by Union members and the final signed agreement, before releasing basic information about the new program. Please look for details in an upcoming newsletter.

*** Refer to page 14 for Adult Foster Care/Guest Registration**

- ◆ These payments are not considered work hours and will not have withholding. Training hours are not used to determine benefit eligibility.
- ◆ ***Please allow 5-6 weeks to receive payment and for the classes to appear as completed in your Registry profile. If you have not received payment by then, please call us.***
- ◆ ***Adult Foster Care (AFC) and Private Pay Provider DO NOT receive stipend pay for attending classes. Please refer to the list of class descriptions on pages 5-6 for 'AFC CEU' approved classes.***

Don't Let the FLU Get to YOU!

Vaccines are NOT Just for Kids!

Getting a flu vaccine is one of the best ways home care workers can protect themselves!

Here are some important reasons for home care workers to get a flu vaccine:

To protect your health, and the health of those around you. Vaccines reduce your chance of getting sick, and reduce your chance of spreading diseases. Some consumers may have a weakened immune system, making them more vulnerable to disease that vaccines can help prevent.

Getting vaccinated is easier than you think. Most private insurance covers the cost of recommended vaccinations, like the flu vaccine. Vaccines are usually available at doctor's offices, pharmacies, community health clinics, and health departments starting in September.

Vaccines are tested and monitored for safety. Vaccines are one of the safest ways to protect your health and the health of those around you. Side effects, when they occur, are usually mild and temporary.

You may have heard the Oregon Home Care Commission is developing a new program called Homecare Choice that enables individuals who pay privately for in-home services to hire providers from the Commission's Registry. Individuals will have a choice of providers, services, and how and when those services are provided.

This is also a great, new opportunity for you! Enrollment will begin this fall. Please take a moment to check out the FAQ's below.

Why should I enroll as a provider in the program?

Through the program, you will receive \$13.75 per hour, have taxes withheld, and have workers' compensation coverage. This isn't always the case if you work for someone privately outside of the program. It's also an opportunity to pick up additional hours.

How do I enroll as a provider in the program?

The first thing you need to do is make sure you have an active homecare or personal support worker provider number. That's why it's important to keep your background check up-to-date.

Next, you will participate in an online Homecare Choice Program orientation and pass a readiness assessment. Not to worry, though. Everything you need to know to pass the readiness assessment is covered in orientation. The orientation will soon be available and as soon as it is, we will let you know. **To get ready, please create an account on the training website: OHCC-Training.org.** Finally, you will sign a Homecare Choice Program Provider Enrollment Agreement (this is different than the one you signed to be a Medicaid provider) and update your information on the Registry about what services you will provide under the program.

What are the differences between this program and Medicaid?

- ◆ Because the Homecare Choice Program is not a Medicaid program, there is more flexibility in the services offered. In addition to personal care and household tasks, providers can assist with pet care, running errands, assisting with hobbies, and going on social outings, just to name a few.
- ◆ Eligibility for the program is not based on how much help someone needs. Participants determine what they need and how many hours of service they receive each month, not a case manager, personal agent, or service coordinator.
- ◆ The program is run by the Commission, not a local Aging and People with Disabilities office, brokerage, or county developmental disability program (CDDP). So, if you have questions about the program, contact the Homecare Choice Program.

How do I get paid?

The program contracts with a fiscal intermediary called Public Partnerships, LLC and they use an online, electronic timesheets to pay providers. You do not get a Medicaid voucher or get paid through Express.

Who do I contact if I have questions?

Please contact our Homecare Choice Specialist by calling **1-844-494-4227** or send an email to: homecare.choice@state.or.us

If you are interested in the program, please complete our online survey by clicking this link: https://www.surveymonkey.com/s/Homecare_Choice

ASSISTING VOTERS WITH DISABILITIES

Under the Help America Vote Act, voters have a right to **private, independent voting**.
In Oregon, voting accommodations include:

- ◆ **Large print** ballot and registration form
- ◆ **Direct assistance from Elections staff** to fill out a ballot **at home** or at the Elections office
- ◆ Each Elections office has a **portable tablet and printer** that a voter can use **at home or at the Elections office**. Voters can use the tablet to listen to audio version of the ballot, enlarge the ballot, or touch the screen or plug in a controller to make selections on the ballot.
- ◆ **Signature Stamp Attestation** to prevent fraud for voters who use a stamp or other mark as their signature

If a voter needs assistance, call **866-ORE-VOTE (866-673-8683)** and ask to be connected to the county Elections office.

If you have questions, problems or other voting issues related to a disability, please call Disability Rights Oregon at 800-452-1694.
