What is Long Term Care?

What was Long Term Care 1.0?

What was Long Term Care 2.0?

The world of long term care is changing

- ↑ Health care costs are increasing
- ↑ The aging population is growing
- ↑ People are able to live actively with disabilities
- ↑ People are able to live longer, healthier lives
- ↑ The need for assistance is growing

Health care costs are increasing

If food prices had risen at the same rates as medical inflation since the 1930's:

- 1 dozen eggs \$80.20
- 1 roll toilet paper \$24.20
- 1 dozen oranges \$107.90
- 1 pound bananas \$16.04
- 1 pound of coffee \$64.17

Total for 5 items \$292.51

Long-Term Care 3.0 - Your Community in Focus

Click [here](#) to get your county's
information on seniors and people
with disabilities

Where do people choose to get care?

- Home and community based care: 82%
- Institutional care: 18%

Oregon's new entitlement

- The right to live at home
- Propose new entitlement to home and community based care
- Creating new choices – and removing existing barriers – to home and community living

Foundation of LTC 2.0... and LTC 3.0

Build on the vision described in Oregon law (ORS 410)

- Goals: **health, honor, dignity**, lives of maximum independence
- Emphasis on **choice and independence**
- **Support** for people with disabilities
- Based on **partnerships and coordination**
- Promote **community involvement and engagement**
- **Advocate** for seniors and individuals with disabilities

What can we do better?

- Prevention planning and early intervention
- Support for + 95% of population without Medicaid
- Person-centered services
- Independence enhancing technology
- Community engagement
- Improved outcomes for all Oregonians

Starting the conversation

- We want to hear **your ideas**
- We are here to listen, share and **learn**
- This is a place to **start the conversation** today

Right Services

- Person-centered
- Flexible
- Meets needs

Right Time

- Early intervention
- Prevention
- Accessible

Right Place

- Home
- Community
- Institution

Desired outcomes

- Foundations in ORS 410
- Improve health, independence, and quality of life
- More financial independence, with supports to lessen the need for publicly-funded long term services and supports
- Effective coordination between long term services and supports and health care
- Living at home and being in the community

LTC 3.0 planning dates

- **June-Sept 2012:** information gathering and planning with stakeholders
- **October – Nov 2012:** community tour and listening sessions
- **December 2012:** finalize LTC 3.0 legislative concept
- **February 2013:** legislative session and presentation of LTC 3.0 concept
- **March – Dec 2013:** detail level work on LTC 3.0 implementation plan (assuming legislative go-ahead)
- **Dec 2013- Jan 2014:** public hearings
- **Feb 2014:** obtain legislative authority to roll out LTC 3.0 implementation plan
