CA/PS Copy & Create AND Enhanced HCW Update

Presented By:
APD Medicaid Long Term Care Systems
Christine Maciel – Policy Analyst

Agenda

- Enhanced HCW (EHCW) CBA
  - Definition
  - Enhanced Classification Designation
- Copy & Create
  - Assessments
  - Treatments
- Questions??

Enhanced HCW Definition

- An EHCW provides services to consumers who require medically driven services & supports as defined by DHS & assessed by the CM during the assessment process; and
- Who has completed the required training defined by the HCC.

EHCW Update

- 2013-2015 CBA
  - New HCW classification & rate: Enhanced HCW (EHCW).

Enhanced Homecare Worker (EHCW) Rates		
Effective 1/1/2015	Hourly	Live-in
ADL	$14.75	$14.75
IADL	$14.75	$7.38
24-hour Availability	N/A	$7.38

- Eligibility for the EHCW certification will be tied to training.

Enhanced Classification

- Reflected on vouchers.
- The designation will be tied to the HCW's provider #.

Oregon Home Care Commission

- Website: http://www.oregon.gov/dhs/spd/Pages/worker-cert.aspx
- Training Phone #: 877-867-0077 ext. 2
- E-mail: Training.OHCC@state.or.us

Ambulation
The individual needs HANDS-ON assistance from another person in order to ambulate, with or without assistive devices.
Select the most appropriate answer:
A. Independent
B. Only needs assistance outside the home or care setting
C. Need
periodic
D. ALW
Be sure to update comment for each ADL/IADL Need.
CAPS versions created prior to 8/23/14 will only copy the comments.
CAPS versions created 8/23/14 or later will copy answers, needs, results, comments, synopsis & selected treatments.
Comme
Update comments in each need as appropriate
[redacted] reports his last fall was two days ago, he fell trying to take out the trash unassisted, no injury, but did need help to rise. [redacted] is able to move around inside his small home

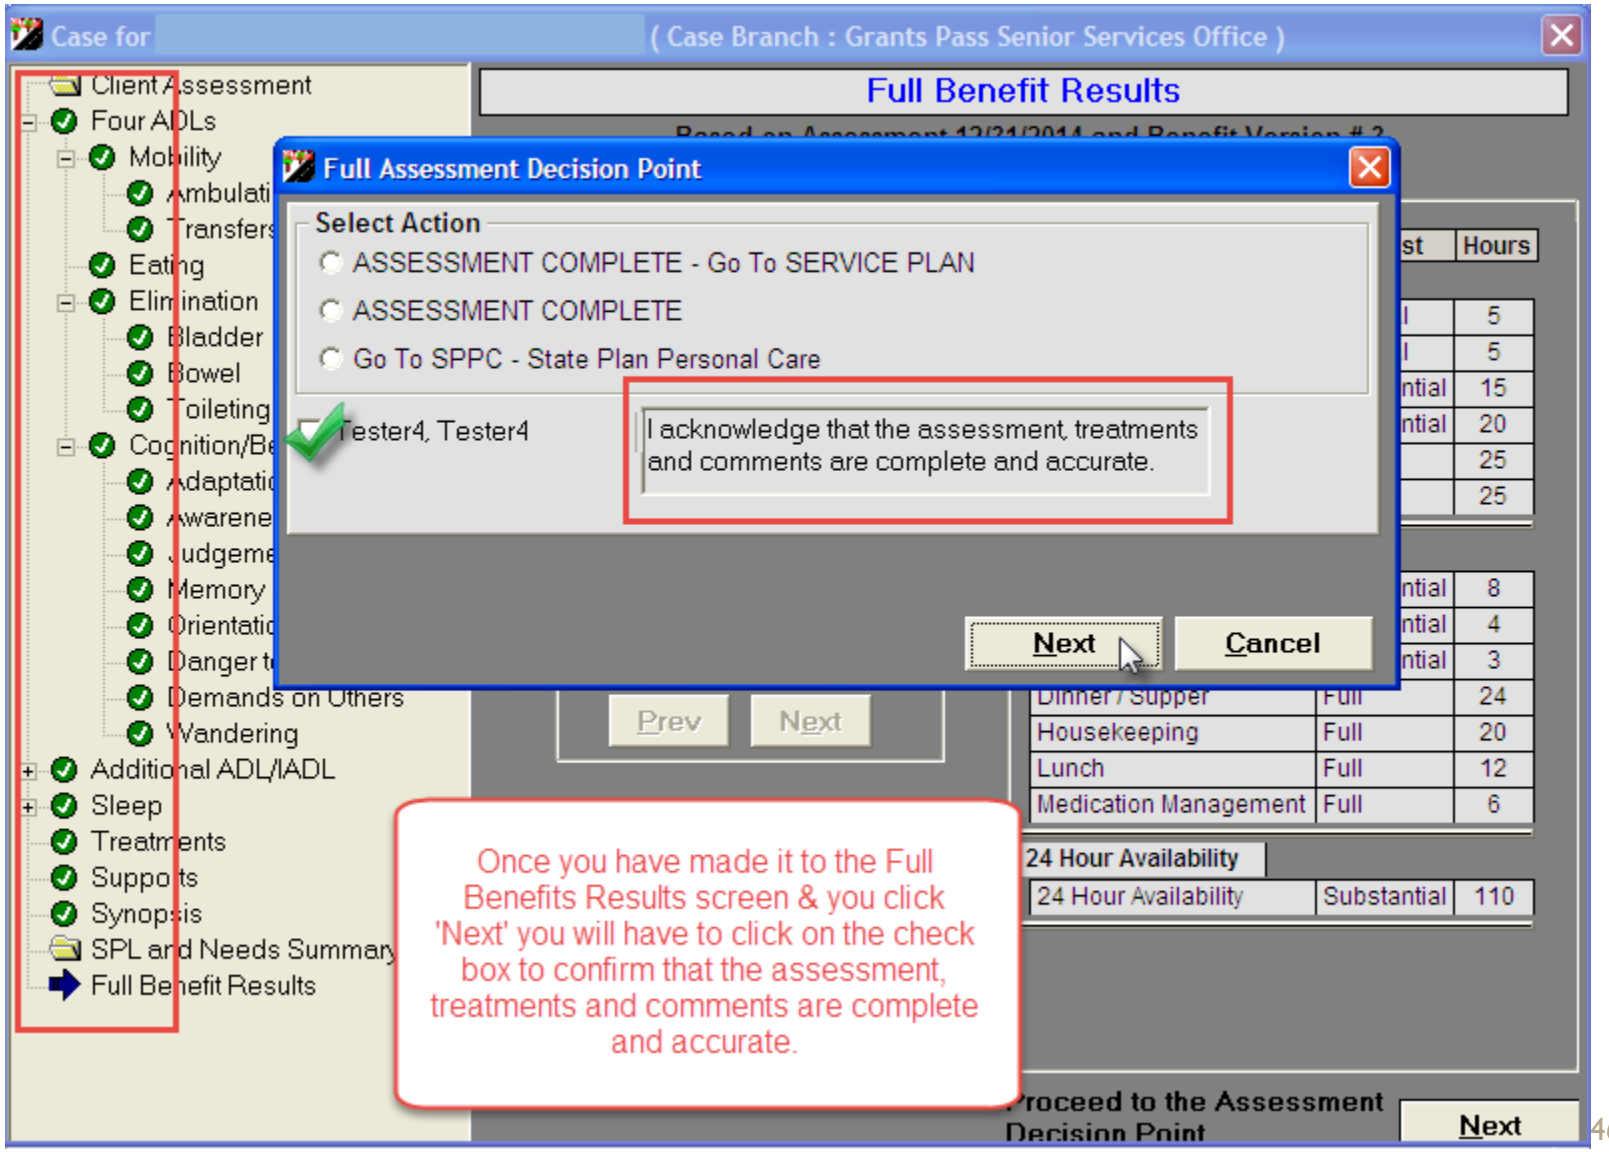
Full Assessment Decision Point



Assertion Confirmation

- If you attempt to click 'Next' without checking the assertion box you will receive the following message.

Additional Important Information

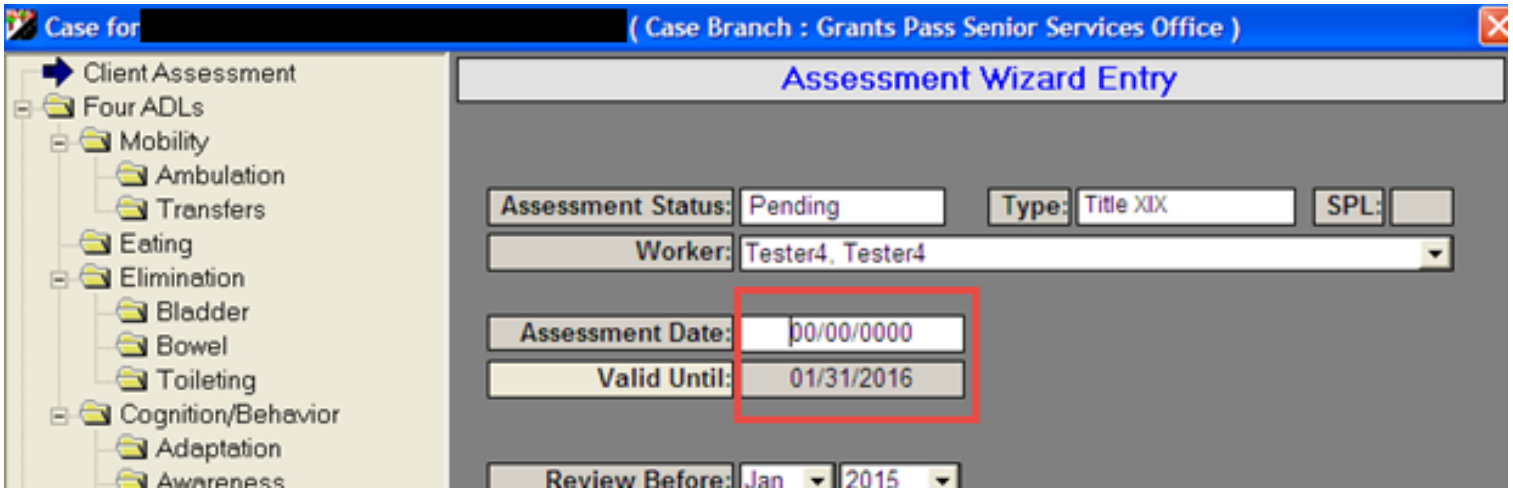
Type	Status	Purpose
Status	Pend	Default value. Treatment has not been verified.
Status	Verified	Treatment has been verfied (but not necessarily synchronized).
Status	Invalid	Treatment has been invalidated by the user.
Sync Status	Pend	Default value. 1. Treatment has not been synchronized. 2. Treatment has been synchronized, but then subsequently modified (change was made to Start, End, or Invalidated).
Synchronization	Pass	Treatment has been successfully synched with the Mainframe.
Synchronization	Fail	Synchronization failed for that particular treatment

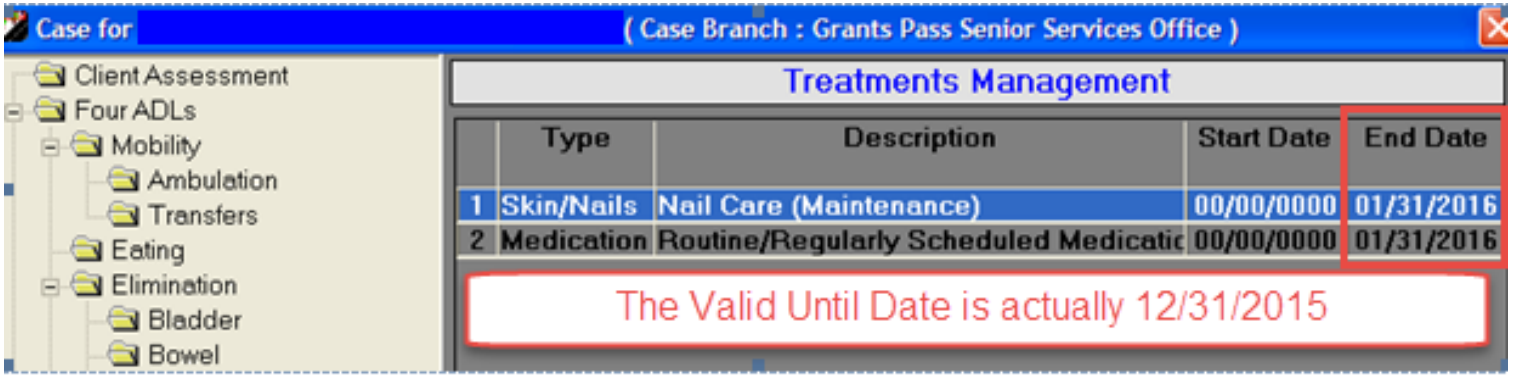
Additional Important Information

- Only existing assessments in 'Completed', 'Incomplete', & 'Invalid' status can be copied.
- Assessments in 'Pending' status cannot be copied.

- 'Copy Selection Screen' buttons:
  - BACK will go back to the assessment list.
  - NEXT will create a new assessment.
  - CANCEL will go back to the assessment tree.

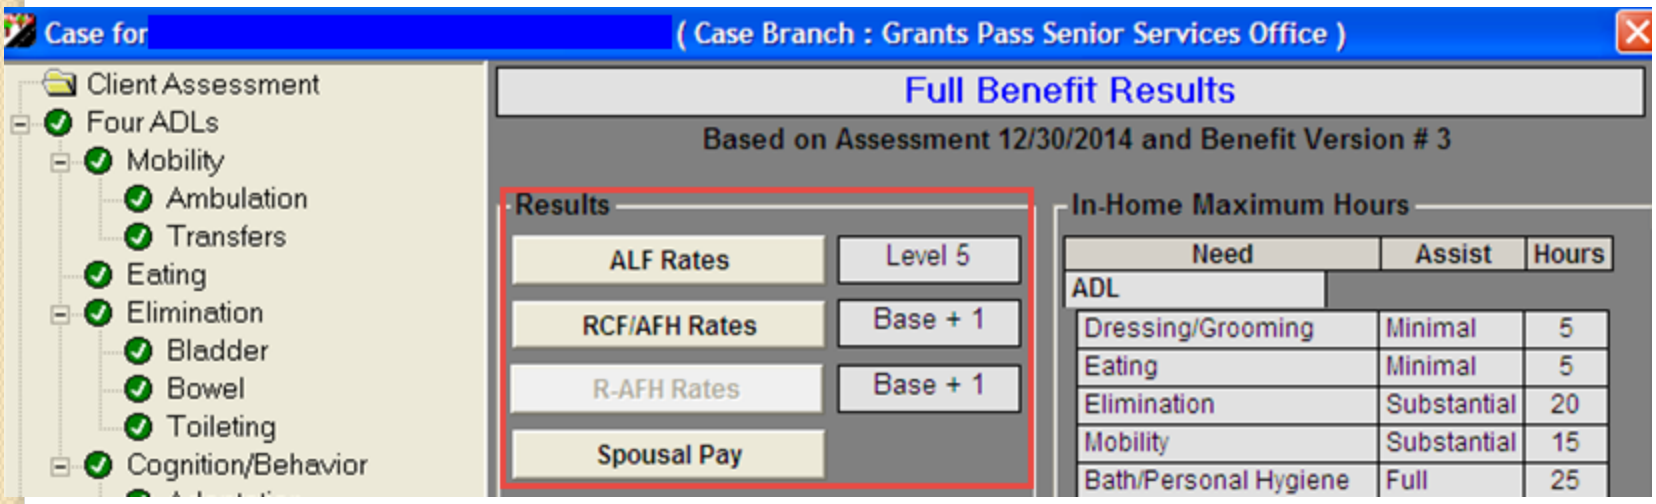
Additional Important Information





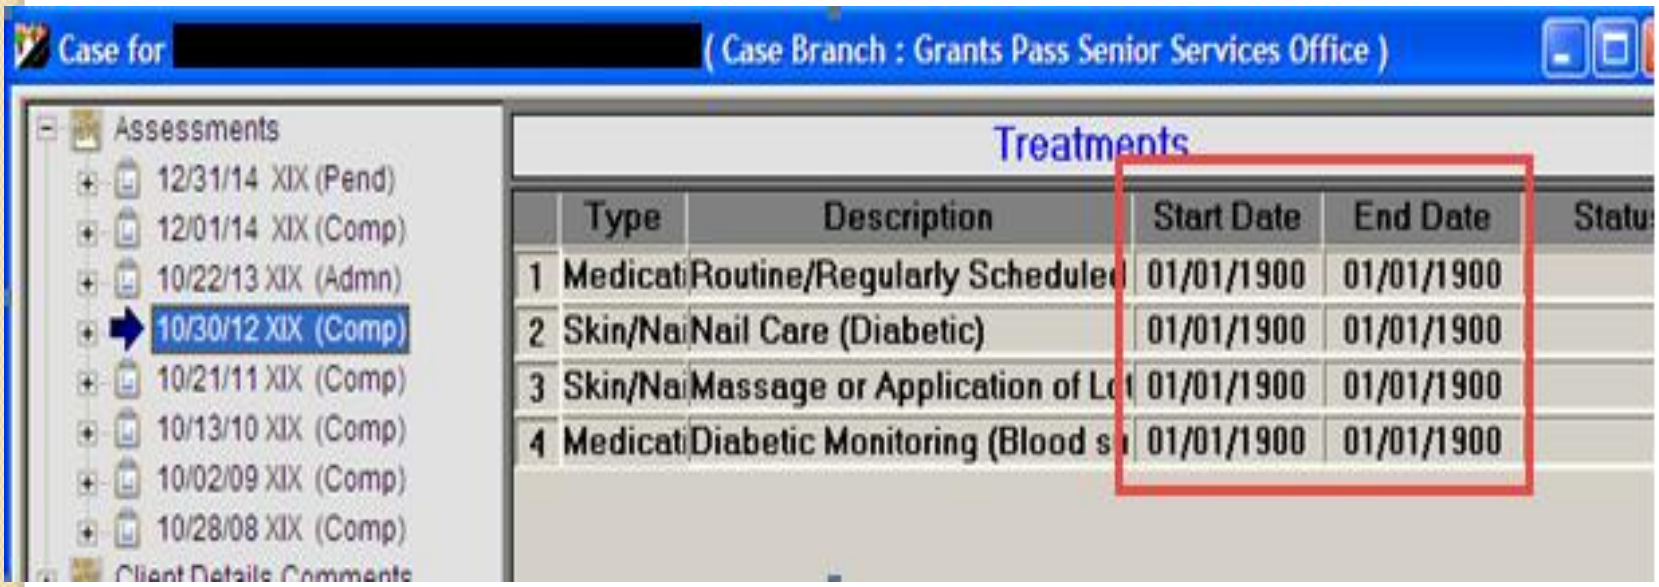
Additional Important Information

- AFH/RCF Add-Ons will only be generated when treatments have been added to a 'pending' assessment.



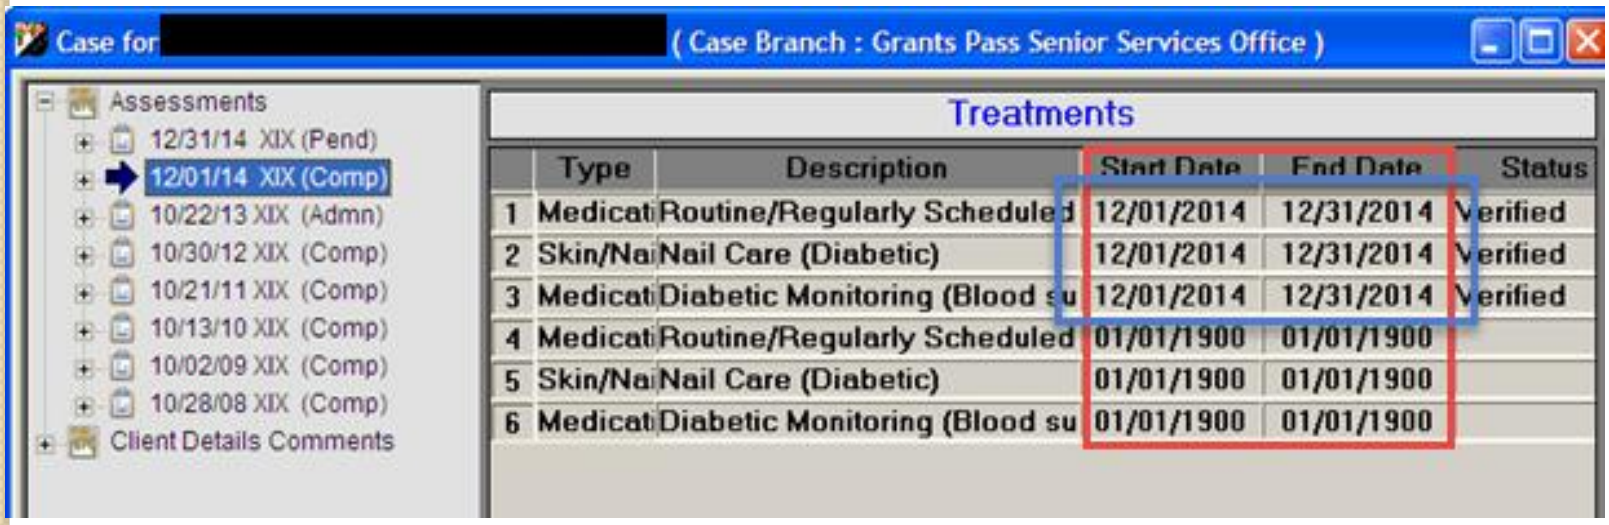
Additional Important Information

- Treatments with 1/1/1900 start & end dates will not be available for copying.



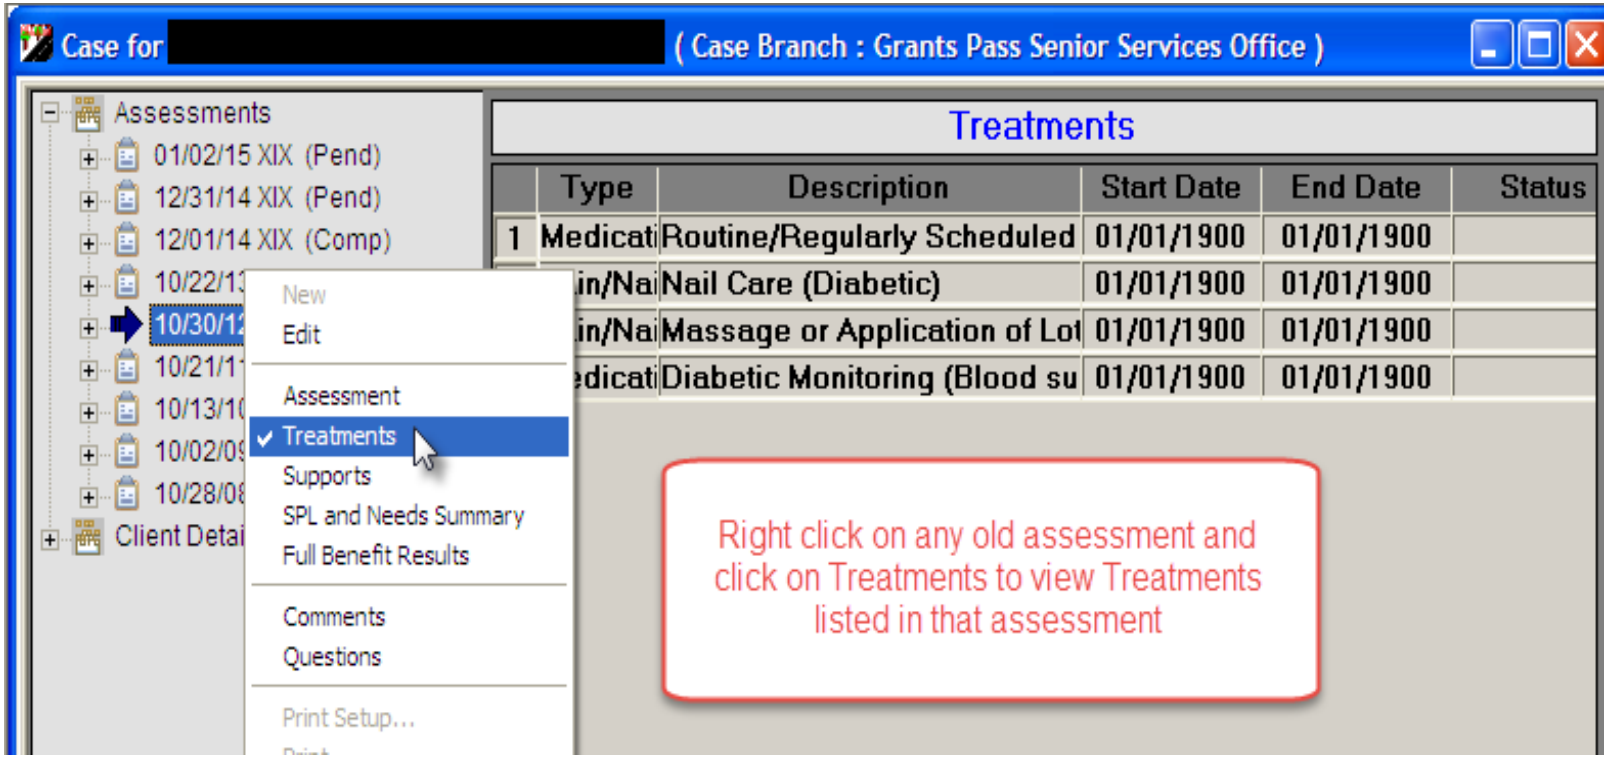
Additional Important Information

- When you see treatments with valid start/end dates & 1/1/1900 start/end dates, only the treatments with the valid start/end dates will be listed for copy selection.



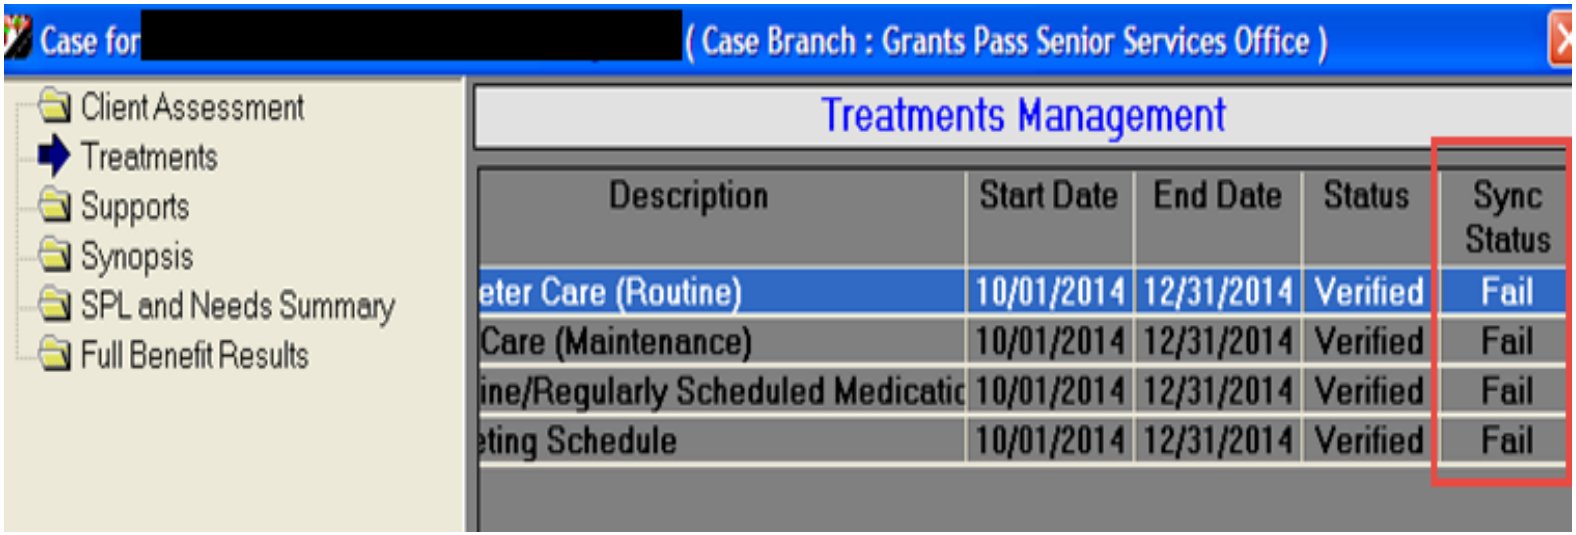
Additional Important Information

- Checking out old treatment information -



Sync Failures

- If you receive a message that a treatment sync has failed you should go ahead and contact the service desk.
- DHS.ServiceDesk@state.or.us



Questions

- New temporary e-mail box set up for policy/training related questions associated with the EHCW/Copy & Create Oregon ACCESS release.
- Oregonaccess.release@state.or.us
- Bug issues should be reported to the service desk.

The End!!

- Time for questions
