

What is SHIBA?

The Senior Health Insurance Benefits Assistance program uses certified volunteer counselors to help people with Medicare make informed health insurance decisions.

Our program saves Medicare beneficiaries money by making sure they receive all possible benefits.

SHIBA is funded by a federal grant from the Centers for Medicare & Medicaid Services.

Free services are available to people with Medicare, their family members, caregivers, and advocates.

SHIBA volunteers can help you

- Select a Medicare prescription drug plan
- Find out if you are receiving all possible benefits
- Compare supplemental health insurance policies
- Evaluate your need for long-term care insurance
- File an appeal or insurance complaint

How to contact SHIBA

- Call the SHIBA volunteer site in your area listed on the other side of this brochure.
- Visit SHIBA's website: oregonshiba.org
Volunteers offer one-on-one counseling at community centers or in private homes.

The website contains detailed information on Medicare programs and volunteer opportunities.

Volunteer opportunities

SHIBA's success is built on a statewide network of trained volunteers. A good volunteer candidate:

- Enjoys helping others, is dependable, compassionate, and has good communication skills.
- Holds skills navigating a computer.
- Protects client confidentiality and has no conflict of interest.
- Completes training requirements and maintains proficiency.

Call 800-722-4134 or visit our website for a volunteer application.
