

Textbook Affordability Progress Report

Presented by: Lee Ayers-Preboski, Jeff Dense,
and Donna Lewelling

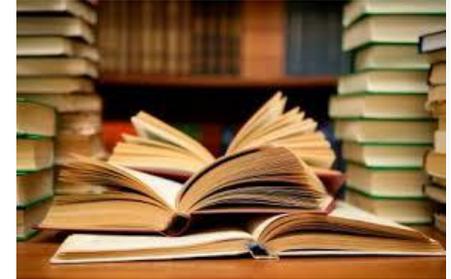

Journey to Statewide Forum:

- **2012 Textbook Affordability Workgroup Report**
- **2014 Follow-up & Report**
 - *National Literature Review*
 - *Review of Current Landscape in Oregon*

Journey to Statewide Forum:

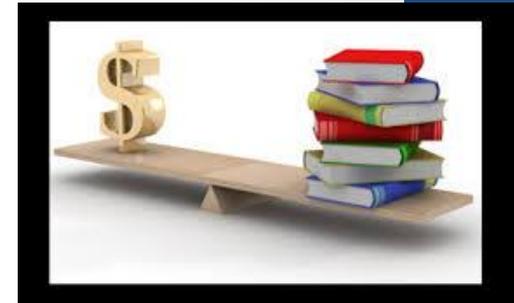

- **Student Survey**
- **Regional Forums**
- **Statewide Convening**

SWOT Analysis

PROMISING PRACTICES:

- Book Buying Consortia
- Early **faculty engagement/communication** is key to the success of book buying consortia;
- Multiple-institutional **partnerships** should be leveraged as appropriate/possible;
- Conversations with **publishers** regarding shipping options; and
- Privately-owned/independent **bookstores** should be engaged

PROMISING PRACTICES

- Used books /Rentals
 - Buying used **textbooks** and purchasing new **online** access codes may be cheaper for students;
 - Institutions may consider **setting** textbook cost goals;
 - **Institutional** messaging campaigns; and
 - The effect of **privatization** of bookstores.

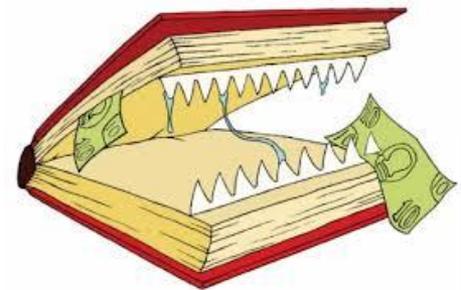

PROMISING PRACTICES:

- Student Book Exchange Programs
 - **Institutional** adjunct *faculty* hiring practices;
 - **Institutional** investment or support of *student exchange programs*;
 - Active *engagement* of students and student government; and
 - Bookstore *partnership* with the exchange program.

PROMISING PRACTICES:

- **Fixed Fees:**
 - **Clear policies** and procedures should be outlined to encourage and strengthen faculty engagement;
 - **Students** should be consulted before this model is implemented; and
 - The overall effect on bookstore/campus **budgets** should be reviewed

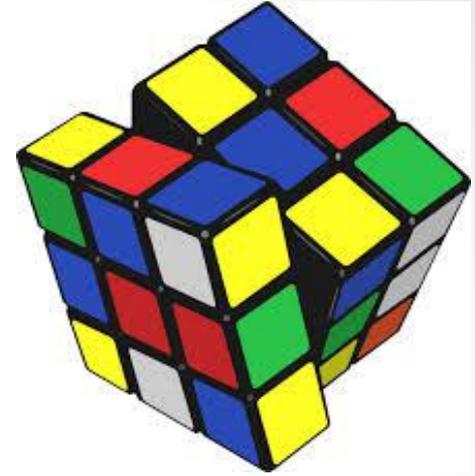

PROMISING PRACTICES:

- Open Educational Resources:
 - Statewide **general education** courses (OTM);
 - Cross-institutional **faculty engagement**;
 - Quality **peer review**;
 - **Copyright issues** should be addressed to ensure “free access”;
 - **Ensuring American with Disability Act** compliance; and
 - **Technology barriers** such as access to high-speed internet should be considered and addressed.

Next Steps:

- Framework/matrix being developed; and
- *Final report* coming in April
