**MEASURE 37 PROPERTY
IDENTIFICATION:**

I. ELECTION

The claimants, Erich and Mary Rachel Eggener, filed a claim under ORS 197.352 (2005) (Measure 37) on April 3, 2006 for property located at the above coordinates on the north side of Carus Road approximately one-third mile east of S Beaver Creek Road, near Oregon City, in Clackamas County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed a Measure 37 claim to elect supplemental review of their claim under either Section 6 or Section 7 of Measure 49. The claimants have elected supplemental review of their Measure 37 claim under Section 6, which authorizes the Department of Land Conservation and Development (the department) to issue up to three home site approvals to qualified claimants.

II. SUMMARY OF PRELIMINARY EVALUATION

Based on the department's preliminary analysis, it appears that the claimants are qualified for one home site approval on the Measure 37 claim property. The claimants' property, including both the Measure 37 claim property and all contiguous property in the same ownership, currently appears to consist of one undeveloped lot or parcel. After taking into account the number of lots, parcels and dwellings currently located on the Measure 37 claim property and the contiguous property under the same ownership, it appears that the home site approval will allow the claimants to establish one dwelling on the Measure 37 claim property.

III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE CLAIMANTS MAY QUALIFY

Under Section 6 of Measure 49, the number of home site approvals issued by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested one home site approval in the election material. The Measure 37 waiver issued for this claim describes one home site. Therefore, the claimants may qualify for a maximum of one home site approval under Section 6 of Measure 49.

IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL

1. Preliminary Analysis

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimants, Erich and Mary Rachel Eggener, filed a Measure 37 claim, M124727, with the state on April 3, 2006. The claimants filed a Measure 37 claim, ZC009-05, with Clackamas County on January 11, 2005. The state claim was filed prior to December 4, 2006.

It appears that the claimants timely filed a Measure 37 claim with both the state and Clackamas County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimants must establish each of the following:

(a) The Claimant is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) if the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the assignment of contract and deeds submitted by the claimants, Erich and Mary Rachel Eggener the owners of fee title to the property as shown in the Clackamas County deed records and, therefore, are owners of the property under Measure 49.

(b) All Owners of the Property Have Consented in Writing to the Claim

It appears that the claimants are the sole owners of the property. Therefore, no additional consent is required.

(c) The Measure 37 Claim Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property, tax lot 1600, is located in Clackamas County, on the north side of Carus Road approximately one-third mile east of S Beaver Creek Road, at Township 3S, Range 2E, Section 25, outside the urban growth boundary and outside the city limits of the nearest city, Oregon City.

(d) One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

As stated in Section III above, the claimants may qualify for one home site approval.

The property is currently zoned Exclusive Farm Use (EFU) by Clackamas County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3.¹ Goal 3 requires agricultural land to be zoned exclusive farm use (EFU). Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, provide standards for the establishment of dwellings in an EFU zone. Those standards include a requirement that the property generate a minimum annual income from the sale of farm products.

The combined effect of the standards for the establishment of a dwelling in an EFU zone is to prohibit the claimant from establishing a dwelling on the Measure 37 property.

(e) The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Based on the documentation submitted by the claimants, it does not appear that the establishment of a home site on the property would be prohibited by land use regulations described in ORS

¹ The claimants’ property is “agricultural land” because it contains Natural Resources Conservation Service Class I–IV soils and is located in western Oregon.

195.305(3).

(f) On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Clackamas County deed records indicate that the claimants acquired the property on May 18, 1979.

On May 18, 1979 the Measure 37 claim property was subject to state statutes, the statewide planning goals and implementing regulations. On the claimants' date of acquisition the property was zoned RA-1 by Clackamas County. However, because the Commission had not acknowledged the county's comprehensive plan and land use regulations as being in compliance with the statewide planning goals, the statewide planning goals and Goal 3 in particular, and ORS ch. 215 applied directly to the claimants' property.

On December 31, 1981 the Commission acknowledged the application of Clackamas County's EFU-20 zone to the Measure 37 claim property. The Commission's acknowledgement of Clackamas County's EFU-20 zone confirmed that zone's compliance with Goal 3 and ORS 215. Clackamas County's acknowledged EFU-20 zone did not prohibit the establishment of a dwelling on the 10.02-acre property. Therefore, on their date of acquisition the claimants lawfully could have established one home site, as requested in their Measure 37 claim and in their election.

2. Preliminary Conclusion

Based on the preliminary analysis, it appears that the claimants, Erich and Mary Rachel Eggener, qualify for one home site approval under Section 6 of Measure 49.

V. NUMBER OF LOTS, PARCELS OR DWELLINGS ON OR CONTAINED WITHIN THE PROPERTY

The number of lots, parcels or dwellings that a claimant is authorized to establish pursuant to the home site approvals is reduced by the number of lots, parcels or dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership. However, if a claimant otherwise qualifies for relief under Section 6 of Measure 49, the claimant will be able to establish at least one additional lot, parcel or dwelling regardless of the number of lots, parcels or dwellings currently in existence.

Based on the documentation provided by the claimants and documentation obtained from Clackamas County, the Measure 37 claim property appears to currently include one lot or parcel

and no dwellings. There is no contiguous property under the same ownership. Therefore, the one home site approval the claimants appear to qualify for under Section 6 of Measure 49 will allow the claimants to establish one dwelling on the Measure 37 claim property.

VI. PRELIMINARY STATEMENT OF PROPOSED LIMITATIONS AND CONDITIONS ON THE NUMBER AND SCOPE OF HOME SITE APPROVALS

The department has identified the following limitations and conditions that may affect the number or scope of the home site approvals that the claimants would otherwise be entitled to under Section 6 of Measure 49. This list may not be comprehensive and does not preclude the possibility that other considerations, not yet identified by the department, may affect land divisions or the establishment of dwellings authorized by the home site approval.

1. The establishment of a land division or dwelling based on a Measure 49 home site approval must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. A home site approval will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.
4. The number of lots, parcels or dwellings a claimant may be eligible to establish under a Measure 49 authorization is reduced by the number of lots, parcels and dwellings currently in existence on the Measure 37 claim property and contiguous property in the same ownership, regardless of whether evidence of their existence has been provided to the department. If lots, parcels or dwellings currently exist on the Measure 37 claim property or on contiguous property under the same ownership and the lots, parcels or dwellings have not been disclosed to the department, then the number of additional lots, parcels or dwellings a claimant may establish pursuant to the home site approval must be reduced according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49.
5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert any temporary dwelling currently located on the Measure 37 claim property to an authorized home site pursuant to the Measure 49 home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.

6. A home site approval only authorizes the establishment of one or more new lots, parcels or dwellings on the Measure 37 claim property. No additional development is authorized on contiguous property for which no Measure 37 claim was filed. Each lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the future site of a dwelling that will be established pursuant to the home site approval. The home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimants may be required to alter the configuration of the lots or parcels currently in existence on the Measure 37 claim property and contiguous property so that each additional dwelling established on the Measure 37 claim property, pursuant to the home site approval, is sited on a separate lot or parcel.
7. Once the department issues a final home site approval, the home site approval will run with the property and will transfer with the property. The home site approval will not expire, except that if a claimant who received a home site approval later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized lots, parcels and dwellings within 10 years of the conveyance. A lot or parcel lawfully created based on the home site approval will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.
8. Because the property is located in an exclusive farm use zone, the home site approval will not authorize new lots or parcels that exceed five acres. Before beginning construction, the owner must comply with the requirements of ORS 215.293. Further, the home site approval will not authorize new lots or parcels that exceed two acres if the new lots or parcels are located on high-value farmland, on high-value forestland or on land within a ground water restricted area.
9. Because the property is located in an exclusive farm use zone, Measure 49 requires new home sites to be clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
