RE: TSPAC Part Five Subcommittee Meeting Report 5/21/12

The first meeting of the TSPAC Part Five Subcommittee was attended in person by committee members Chris Castelli (DSL), John Schaad, Kathy Wall, Mary Grainey (WRD), Susan Allen, Jason Busch, and Robin Hartmann. John Holloway, Bob Lurie, David Allen, Caren Braby, and Kris Wall (NOAA), attended via conference phone. The meeting was recorded and a digital audio file of the meeting is available from the department.

The meeting focused primarily on a review and assimilation of the recommendations the department received from NOAA on the version of Part Five of the TSP that was adopted by LCDC and submitted for federal review. NOAA has suggested a number of changes to Part Five, and has provided an explanation and the legal basis for requesting those changes. Kris Wall provided the group with additional background and explanation for the NOAA recommendations. In addition to the NOAA recommendations, the group suggested additional edits to the text of several sections to clarify the intent of the section while incorporating the new text. A strikeout (deletion) and underline (addition) version of Part Five showing the proposed changes, up to the point in the document that was reached when the meeting concluded, is attached.
