THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR)	FINAL ORDER
COMPENSATION UNDER ORS 197.352)	CLAIM NO. M121809
(BALLOT MEASURE 37) OF)	
Robert Jasa, CLAIMANT)	

Claimant: Robert Jasa (the Claimant)

Property: Township 11S, Range 13E, Section 27, Tax lot 500
Township 11S, Range 13E, Section 22, Tax lot 1200
Jefferson County (the Property)

Claim: The demand for compensation and any supporting information received from the Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Robert Jasa's development of a dwelling on the 135-acre subject property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after July 2, 1985. These land use regulations will not apply to Robert Jasa only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on July 2, 1985.
2. The action by the State of Oregon provides the state's authorization to Robert Jasa to use the property for the use described in this report, subject to the standards in effect on July 2, 1985. On that date, the property was subject to applicable provisions of Goal 3 and ORS 215, then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license

or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in Condition 1 above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for him to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

This Order is entered by the Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Deputy Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

NAMES OF CLAIMANTS: Robert and Barbara Jasa

PROPERTY IDENTIFICATION: Township 11S, Range 13E, Section 27

DATE RECEIVED BY DAS: August 10, 2005

180-DAY DEADLINE: June 25, 2006¹

I. SUMMARY OF CLAIM

The claimants, Robert and Barbara Jasa, seek compensation in the amount of \$80,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to develop a dwelling on the 135-acre subject property. The subject property is located at the geographic coordinates listed above, near Madras, in Jefferson County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid in part. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to ORS Robert Jasa's development of a dwelling on the 135-acre subject property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after July 2, 1985. These laws will not apply to Robert Jasa only to the extent necessary to allow him

¹ This date reflects 180 days from the date the claim was submitted, as extended by the 139 days that all timelines under Measure 37 were suspended during the pendency of *MacPherson v. Dept. of Admin. Svcs.*, 340 Or 117 (2006).

to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on July 2, 1985.

The department has further determined that the claim for Barbara Jasa is not valid because she is no longer an owner of the subject property. (See the complete recommendation in Section VI of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On September 28, 2005, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, one written comment was received in response to the 10-day notice.

The comment does not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letter in the department's claim file.)

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5), requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on August 10, 2005, for processing under OAR 125, division 145. The claim identifies ORS 215.283 and OAR 660-033-0135 as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

Findings of Fact

The claimants, Robert and Barbara Jasa, acquired an interest in the subject property on July 2, 1985, as reflected by a bargain and sale deed included with the claim. On December 9, 2005, Barbara and Robert Jasa transferred the property to Robert Jasa, as reflected by a bargain and sale deed recorded in Jefferson County. The Jefferson County Assessor’s Office confirms Robert Jasa’s current ownership of the subject property.

Conclusions

Claimant Robert Jasa is an “owner” of the subject property as that term is defined by ORS 197.352(11)(C), as of July 2, 1985. Claimant Barbara Jasa conveyed her ownership interest in the subject property to Robert Jasa on December 9, 2005, and is no longer an owner of the property. ORS

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant acquired the property.

Findings of Fact

The claim indicates that the claimants desire to develop a dwelling on the subject property which is not allowed under current land use regulations.

The claim is based generally on Jefferson County’s current A-1 zone, an Exclusive Farm Use (EFU) zone, and the applicable provisions of state law that require such zoning. The subject property is zoned A-1 as required by Goal 3, in accordance with ORS 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3.² Goal 3 became

² The subject property is “agricultural land” because it contains Natural Resources Conservation Service Class I-VI soils.

effective on January 25, 1975, and required that agricultural lands as defined by the Goal be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.284 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, establish standards for the development of dwellings on existing or proposed parcels on EFU-zoned land.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone under ORS 215.283(1)(f). OAR 660-033-0130(4) (applicable to non-farm dwellings) became effective on August 7, 1993, and was amended to comply with ORS 215.284(4) on March 1, 1994. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130, and -0135.)

The subject property was acquired after the adoption of the statewide planning goals, but before the Commission acknowledged Jefferson County's land use regulations to be in compliance with the statewide planning goals pursuant to ORS 197.250 and 197.251. Because the Commission had not acknowledged the county's plan and land use regulations when the subject property was acquired on July 2, 1985, the statewide planning goals, and Goal 3 in particular, applied directly to the property when it was acquired.³

Under the Goal 3 standards in effect on July 2, 1985, farm dwellings were allowed if they were determined to be "customarily provided in conjunction with farm use" under ORS 215.213(1)(e) (1973 edition). Non-farm dwellings were subject to compliance with ORS 215.213(3) (1973 edition).

No information has been presented in the claim to establish that the claimants' desired development of a dwelling on the subject property satisfies the standards for farm or non-farm dwellings under ORS 215.213 (1983 edition) in effect when the property was acquired.

Conclusions

The current zoning requirements, minimum lot size and dwelling standards established by Goal 3, ORS 215 and OAR 660, division 33, do not allow the claimants' desired development of the subject property. However, the claim does not establish whether or the extent to which the

desired use of the subject property complies with the standards for land development under the requirements of Goal 3 and ORS 215, in effect when the property was acquired on July 2, 1985.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimants have identified. There may be other laws that currently apply to Robert Jasa's use of the subject property, and that may continue to apply to his use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When Robert Jasa seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.2 of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

Findings of Fact

The claim includes an estimate of \$80,000 as the reduction in the subject property's fair market value due to the regulation(s). This amount is based on the claimants' assessment of the subject property's fair market value.

Conclusions

As explained in Section V.1 of this report, the claimants are Robert and Barbara Jasa who acquired the subject property on July 2, 1985. Barbara Jasa is no longer an owner of the subject property. Under ORS 197.352, Robert Jasa is due compensation for land use regulations that restrict the use of the property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.2 of this report, laws enacted or adopted since Robert Jasa acquired the subject property restrict his desired use of the property. The claimants estimate that the effect of the regulation(s) on the fair market value of the subject property is a reduction of \$80,000.

Without an appraisal or other relevant evidence, and without verification of whether or the extent to which Robert Jasa's desired use of the subject property was allowed under the standards in effect when he acquired the property, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, which Jefferson County has implemented through its current A-1 zone. With the exception of provisions of Goal 3 and ORS 215 in effect when Robert Jasa acquired the subject property on July 2, 1985, these land use regulations were enacted or adopted after he acquired the property.

Conclusions

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It appears that with the exception of provisions of Goal 3 and ORS 215 in effect in 1985, the statutory, goal and rule restrictions on development of the subject property were not in effect when Robert Jasa acquired it, and therefore, these laws are not exempt under ORS 197.352(3)(E). Provisions of Goal 3 and ORS 215 in effect when Robert Jasa acquired the subject property in 1985 are exempt under ORS 197.352(3)(E) and will continue to apply to the property.

Other laws in effect when Robert Jasa acquired the subject property are also exempt under ORS 197.352(3)(E) and will continue to apply to his use of the property. There may be other laws that continue to apply to his use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of property until there is a specific proposal for that use. When Robert Jasa seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that Robert Jasa has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. Robert Jasa should be aware that the less information he has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to his use of the subject property.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict Robert Jasa's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$80,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimant's desired use of the property was allowed under the standards in effect when he acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Robert Jasa to use the subject property for a use permitted at the time he acquired the property on July 2, 1985.

Conclusions

Based on the record before the department, the claimants have not established that Barbara Jasa is entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because she is not a current owner of the subject property. Therefore, the department recommends that her claim be denied.

The department further recommends that Robert Jasa's claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Robert Jasa's development of a dwelling on the 135-acre subject property: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after July 2, 1985. These land use regulations will not apply to Robert Jasa only to the extent necessary to allow him to use the subject property for the use described in this report, and only to the extent that use was permitted when he acquired the property on July 2, 1985.
2. The action by the State of Oregon provides the state's authorization to Robert Jasa to use the property for the use described in this report, subject to the standards in effect on July 2, 1985. On that date, the property was subject to applicable provisions of Goal 3 and ORS 215, then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a

“permit” as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in Condition 1 above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for him to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on June 2, 2006. OAR 125-145-0100(3), provided an opportunity for the claimants or the claimants’ authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
