THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR) FINAL ORDER
COMPENSATION UNDER ORS 197.352) CLAIM NO. M122363
(BALLOT MEASURE 37) OF)
Kathy I. Norquist, CLAIMANT)

Claimant: Kathy I. Norquist (the Claimant)

Property: Township 3S, Range 4E, Section 12, Tax lot 1200, Clackamas County
(the Property)

Claim: The demand for compensation and any supporting information received from the
Claimant by the State of Oregon (the Claim).

Claimant submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Kathy Norquist's division of the 42.4-acre property into two parcels or to her development of a dwelling on the resulting vacant parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, enacted or adopted after October 23, 1993. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on October 23, 1993.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on October 23, 1993. On that date, the property was subject to compliance with Clackamas County's acknowledged forest zone and the applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license

or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

This Order is entered by the Director of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Director of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

AND DEVELOPMENT COMMISSION:

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352¹, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

STATE CLAIM NUMBER: M122363

NAME OF CLAIMANT: Kathy I. Norquist

MAILING ADDRESS: 27611 Southeast Betty Road
Eagle Creek, Oregon 97022

PROPERTY IDENTIFICATION: Township 3S, Range 4E, Section 12
Tax lot 1200
Clackamas County

DATE RECEIVED BY DAS: September 15, 2005

180-DAY DEADLINE: July 31, 2006¹

I. SUMMARY OF CLAIM

The claimant, Kathy Norquist, seeks compensation in the amount of \$100,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 42.4-acre property into two parcels and to develop a dwelling on the resulting vacant parcel. The subject property is located at 27611 Southeast Betty Road, near Eagle Creek, in Clackamas County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Kathy Norquist's division of the 42.4-acre property into two parcels and to her development of a dwelling on the resulting vacant parcel: applicable provisions of Statewide Planning Goal 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 6, enacted or adopted after October 23, 1993. These laws will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this

¹ This date reflects 180 days from the date the claim was submitted, as extended by the 139 days that all timelines under Measure 37 were suspended during the pendency of *MacPherson v. Dept. of Admin. Svcs.*, 340 Or 117 (2006).

report, and only to the extent that use was permitted when she acquired the property in 1993. (See the complete recommendation in Section VI. of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On October 17, 2005, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on September 15, 2005, for processing under OAR 125, division 145. The claim identifies OAR 660-006-0026 as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

Findings of Fact

The claimant, Kathy Norquist, acquired the subject property on October 23, 1993, as reflected by a bargain and sale deed submitted with the claim. The claimant initially acquired an interest in the subject property through a real estate contract in June 1977, but retained no ownership interest in the property when the contract was assigned to Norman and Dorothy Norquist on September 1, 1978, as reflected by the assignment of contract submitted with the claim. The subject property was subsequently conveyed to Norman and Richard Norquist who conveyed it back to the claimant on October 23, 1993. A 2005–06 tax statement confirms the claimant’s current ownership of the subject property.

Conclusions

The claimant, Kathy Norquist, is an “owner” of the subject property as that term is defined by 197.352(11)(C), as of October 23, 1993. The subject property has been owned by the claimant’s “family members,” as that term is defined by ORS 197.352(11)(A), since June 1977.

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

Findings of Fact

The claim indicates that the claimant desires to divide the 42.4-acre property into two parcels and to develop a dwelling on the resulting vacant parcel and that current land use regulations prevent this desired use.

The claim is based generally on Clackamas County’s current TBR zone and the applicable provisions of state law that require such zoning. The claimant’s property is zoned TBR, as required by Goal 4, in accordance with ORS 215 and OAR 660, division 6, because the claimant’s property is “forest land” under Goal 4. Goal 4 became effective on January 25, 1975, and requires that forest land be zoned for forest use (see statutory and rule history under OAR 660-015-0000(4)). The forest land administrative rules (OAR 660, division 6) became effective on September 1, 1982, and ORS 215.705 to 215.755 and 215.780 became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). OAR 660-006-0026 and 660-006-0027 were amended on March 1, 1994, to implement those statutes.

The claimant’s family acquired the subject property after the adoption of the statewide planning goals but before the Commission acknowledged the Clackamas County land use regulations to be in compliance with the statewide planning goals, pursuant to ORS 197.250 and 197.251.² Because the Commission had not acknowledged the county’s plan and land use regulations when

² Clackamas County’s TBR zone was acknowledged by the Commission for compliance with Goal 4 on December 31, 1981.

the claimant's family acquired the subject property in June 1977, the statewide planning goals, and Goal 4 in particular, applied directly to the claimant's property when her family acquired it.³

Goal 4 went into effect on January 25, 1975, "to conserve forest lands for forest uses" and required, "Lands suitable for forest uses shall be inventoried and designated as forest lands. Existing forest land uses shall be protected unless proposed changes are in conformance with the comprehensive plan." Those forest uses were defined as follows: "(1) the production of trees and the processing of forest products; (2) open space, buffers from noise, and visual separation of conflicting uses; (3) watershed protection and wildlife and fisheries habitat; (4) soil protection from wind and water; (5) maintenance of clean air and water; (6) outdoor recreational activities and related support services and wilderness values compatible with these uses; and (7) grazing land for livestock."

No information has been presented in the claim to establish that the claimant's desired division of the 42.4-acre property into two parcels and her development of a dwelling on the resulting vacant parcel would have complied with the Goal 4 standards in place when the claimant's family acquired the subject property in 1977.

Conclusions

The current zoning requirements, minimum lot size and dwelling standards established by Goal 4, ORS 215.705 to 215.755 and 215.780 and OAR 660-006-0026 and 660-006-0027 were all enacted or adopted after the claimant's family acquired the subject property in 1977 and do not allow the claimant's desired division or development of the property. However, the claim does not establish whether or to what extent the claimant's desired use of the subject property complies with the standards for land divisions and development under Goal 4 in effect when the claimant's family acquired the property in June 1977.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the use that the claimant has identified. There may be other laws that currently apply to the claimant's use of the subject property, and that may continue to apply to the claimant's use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

³ The statewide planning goals became effective on January 25, 1975, and were applicable to legislative land use decisions and some quasi-judicial land use decisions prior to the Commission's acknowledgment of each county's land use regulations. *Perkins v. City of Rajneeshpuram*, 300 Or 1 (1985); *Alexanderson v. Polk County*, 289 Or 427, rev den 290 Or 137 (1980); *Sunnyside Neighborhood Assn. v. Clackamas County*, 280 Or 3 (1977); *Jurgenson v. Union County*, 42 Or App 505 (1979); and *1000 Friends of Oregon v. Benton County*, 32 Or App 413 (1978). After the county's plan and land use regulations were acknowledged by the Commission, the statewide planning goals and implementing rules no longer directly applied to such local land use decisions. *Byrd v. Stringer*, 295 Or 311 (1983). However, statutory requirements continue to apply, and insofar as the state and local provisions are materially the same, the local provisions must be interpreted consistent with the substance of the goals and implementing rules. *Foster v. Polk County*, 115 Or App 475 (1992); *Kenagy v. Benton County*, 115 Or App 131 (1992).

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have “the effect of reducing the fair market value of the property, or any interest therein.”

Findings of Fact

The claim includes an estimate of \$100,000 as the reduction in the subject property’s fair market value due to the regulations that restrict the claimant’s desired use of the property. This amount is based on the claimant’s assessment of the subject property’s fair market value.

Conclusions

As explained in Section V.(1) of this report, the claimant is Kathy Norquist whose family acquired the subject property in June 1977. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the subject property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant’s family acquired the subject property restrict the claimant’s desired use of the property. The claimant estimates that the effect of the land use regulations on the fair market value of the subject property is a reduction of \$100,000.

Without an appraisal or other relevant evidence, and without verification of whether or the extent to which the claimant’s desired use of the subject property was allowed under the standards in effect when her family acquired the property, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

Findings of Fact

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, which Clackamas County has implemented through its current TBR zone. With the exception of provisions of Goal 4 adopted before the claimant’s family acquired the subject property in June 1977, these state land use regulations were not in effect when the claimant’s family acquired the property.

Conclusions

It appears that the general statutory, goal and rule restrictions on residential division and development of the subject property are not exempt under ORS 197.352(3)(E) to the extent they were enacted or adopted after the claimant’s family acquired the property. Provisions of Goal 4

in effect when the claimant's family acquired the subject property in 1977 are exempt under ORS 197.352(3)(E) and do not provide a basis for compensation. In addition, other land use laws enacted or adopted for a purpose set forth in ORS 197.352(3)(A) to (D) are also exempt and would not provide a basis for compensation.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$100,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim it would also be necessary to verify whether or the extent to which the claimant's desired use of the property was allowed under the standards in effect when she acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Kathy Norquist to use the subject property for a use permitted at the time she acquired the property on October 23, 1993.

When the claimant acquired the subject property on October 23, 1993, the property was subject to Clackamas County's acknowledged forest zone.⁴ When the claimant acquired the subject property, the desired division and development of the property would have been governed by the requirements of the county's acknowledged plan and forest zone.

Other laws in effect when the claimant acquired the subject property are exempt under ORS 197.352(3)(E) and will also continue to apply to the claimant's use of the property. In addition, the department notes that ORS 215.730 and OAR 660, division 6, include standards for siting dwellings in forest zones. These provisions include fire protection standards for dwellings

⁴ Clackamas County's forest zone was acknowledged by the Commission for compliance with Goal 4 on December 31, 1981.

and for surrounding forest lands. ORS 197.352(3)(B) specifically exempts regulations “restricting or prohibiting activities for the protection of public health and safety, such as fire and building codes. . . .” Accordingly, siting standards for dwellings in forest zones in ORS 215.730 and OAR 660, division 6, are exempt under ORS 197.352(3)(B).

There may be other laws that continue to apply to the claimant’s use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimant seeks a building or development permit to carry out a specific use, it may become evident that other state laws currently apply to that use and may continue to apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable, given the information provided to the department in the claim. The claimant should be aware that the less information she has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to her use of the subject property.

Conclusions

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Kathy Norquist’s division of the 42.4-acre property into two parcels or to her development of a dwelling on the resulting vacant parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, enacted or adopted after October 23, 1993. These land use regulations will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on October 23, 1993.
2. The action by the State of Oregon provides the state’s authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on October 23, 1993. On that date, the property was subject to compliance with Clackamas County’s acknowledged forest zone and the applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, then in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a “permit” as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on July 10, 2006. OAR 125-145-0100(3), provided an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
