ULI v 5 2010

LAND CONSERVATION
AND DEVELOPMENT

October 4, 2010

To whom it may concern:

I have read the report produced by representatives of the Department of Land Conservation and Development ("DLCD") dated September 28, 2010. I am writing to object to the conclusions reached by DLCD regarding Metro Urban and Rural Reserves as they relate to my property. I assert that I have continued standing in this matter based on having a valid objection as described in the report. I, however, did not find the explanation for DLCD's decision to side with Metro and the counties decision to designate my property as a rural reserve satisfactory or compelling. Interestingly, nowhere in the report did I find that DLCD concurred with any objection made by any party with standing, and in fact the DLCD continually recommended denying every objection made by all parties, each time siding with the commission's findings.

I want to go on record as stating that I believe that my objections, outlined in my letter to DLCD dated July 14th, 2010, still have merit and I wish to participate in the Land Conservation and Development Commission ("LCDC") hearings to be held on October 19th through October 22nd. I also reserve the right to pursue any and all legal remedies available to me to fight any restrictions in my land use rights brought about by the current decision of Metro and the participating counties in the determination of urban and rural reserves.

Thank you for your continued consideration of my objections. I look forward to confirmation regarding my participation in the upcoming hearings.

Sincerely,

David A. Smith
