ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION

**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT
Final Staff Report and Recommendation**

September 6, 2006

STATE CLAIM NUMBER: M124357

NAMES OF CLAIMANTS: Ronald W. Rivers
Charlene L. Rivers

MAILING ADDRESS: 8161 Jordan Road
Parkdale, Oregon 97041

PROPERTY IDENTIFICATION: Township 1S, Range 10E, Section 8
Tax lots 600, 701 and 702
Hood River County

DATE RECEIVED BY DAS: March 14, 2006

180-DAY DEADLINE: September 10, 2006

I. SUMMARY OF CLAIM

The claimants, Ronald and Charlene Rivers, seek compensation in the amount of \$2,950,219 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide 78.65-acre subject property, consisting of tax lots 600, 701 and 702, into five-acre parcels and to develop a dwelling on each parcel. The subject property is located at 8161 Jordan Road, near Parkdale, in Hood River County. (See claim.)

II. SUMMARY OF STAFF RECOMMENDATION

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that this claim is not valid because the claimants are not owners of the subject property. (See the complete recommendation in Section VI. of this report.)

III. COMMENTS ON THE CLAIM

Comments Received

On June 16, 2006, pursuant to Oregon Administrative Rules (OAR) 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, two written comments were received in response to the 10-day notice.

The comments do not address whether the claim meets the criteria for relief under ORS 197.352. Comments concerning the effects a use of the subject property may have on surrounding areas are generally not something that the department is able to consider in determining whether to waive a state law. If funds do become available to pay compensation, then such effects may become relevant in determining which claims to pay compensation for instead of waive a state law. (See the comment letters in the department's claim file.)

IV. TIMELINESS OF CLAIM

Requirement

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

Findings of Fact

This claim was submitted to DAS on March 14, 2006, for processing under OAR 125, division 145. The claim identifies Hood River County zoning as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

Conclusions

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

V. ANALYSIS OF CLAIM

1. Ownership

ORS 197.352 provides for payment of compensation or relief from specific laws for "owners" as that term is defined in ORS 197.352. ORS 197.352 (11)(C) defines "owner" as "the present owner of the property, or any interest therein."

Findings of Fact

Claimant Ronald Rivers acquired tax lots 701 and 702 on March 31, 1976, and tax lot 600 on February 24, 1983, as demonstrated by a plant service report and deed included with the claim.

According to the information provided with the claim, the claimants transferred the subject property to Ron Rivers Orchards, Inc. on January 4, 1984.

An April 25, 2005, plant service report submitted with the claim establishes Ron Rivers Orchard, Inc.'s current ownership of the subject property. The claimants, Ronald and Charlene Rivers, no longer own the subject property.

Conclusions

The claimants, Ronald and Charlene Rivers, have not established that they are an "owners" of the subject property as that term is defined in ORS 197.352(11)(C). Ron Rivers Orchards, Inc. is the present owner of the subject property.

2. The Laws That are the Basis for This Claim

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants' use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

As explained in Section V.(1), the claimants, Ronald and Charlene Rivers, are not "owners" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, no laws enforced by the Land Conservation and Development Commission (the Commission) or the department restrict the claimants' use of private real property in a manner that reduces the fair market value of the property.

3. Effect of Regulations on Fair Market Value

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

As explained in Section V.(1) of this report, the claimants, Ronald and Charlene Rivers, are not owners of the subject property. Therefore, no laws restrict their use of the subject property with the effect of reducing the fair market value of the property.

4. Exemptions Under ORS 197.352(3)

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

As explained in Section V.(1) of this report, the claimants, Ronald and Charlene Rivers, are not "owners" of the subject property as that term is defined in ORS 197.352(11)(C). Therefore, the issue of whether any laws are exempt under ORS 197.352 is not relevant.

VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

Findings of Fact

Based on the record, the department finds that the claim is not valid because the claimants are not owners of the subject property.

Conclusions

Based on the record before the department, the claimants, Ronald and Charlene Rivers, have not established that they are entitled to relief under ORS 197.352(1) as a result of land use regulations enforced by the Commission or the department because they are not present owners of the subject property. Therefore, the department recommends that this claim be denied.

VII. COMMENTS ON THE DRAFT STAFF REPORT

The department issued its draft staff report on this claim on August 18, 2006. OAR 125-145-0100(3), provided an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
