

BEFORE THE DEPARTMENT OF ADMINISTRATIVE SERVICES,  
THE DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT OF  
THE STATE OF OREGON

IN THE MATTER OF THE CLAIM FOR ) FINAL ORDER  
COMPENSATION UNDER ORS 197.352 ) CLAIM NO. M124822  
(BALLOT MEASURE 37) OF )  
Peter and Norma Jean Etzel, CLAIMANTS )

Claimants: Peter and Norma Jean Etzel (the Claimants)

Property: Township 9S, Range 1E, Section 3, Tax lots 700 and 800  
Marion County (the Property)

Claim: The demand for compensation and any supporting information received from the  
Claimants by the State of Oregon (the Claim).

Claimants submitted the Claim to the State of Oregon under ORS 197.352. Under OAR 125-145-0010 *et seq.*, the Department of Administrative Services (DAS) referred the Claim to the Department of Land Conservation and Development (DLCD) as the regulating entity. This order is based on the record herein, including the Findings and Conclusions set forth in the Final Staff Report and Recommendation of DLCD (the DLCD Report) attached to and by this reference incorporated into this order.

ORDER

The Claim is approved as to laws administered by DLCD and the Land Conservation and Development Commission (LCDC) for the reasons set forth in the DLCD Report, and subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Peter and Norma Jean Etzel's division of the 138.24-acre subject property into seven parcels and to their development of a farm-related dwelling on each parcel: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after each claimant acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when Peter Etzel acquired the property on October 17, 1960, and only to the extent that use was permitted when Norma Jean Etzel acquired the property on December 28, 1974.

2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect when Peter Etzel acquired the property on October 17, 1960, and when Norma Jean Etzel acquired the property on December 28, 1974. On December 28, 1974, the property was subject to ORS 215 then in effect, including the interim planning goals set forth in ORS 215.515 (1973 edition).

3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.

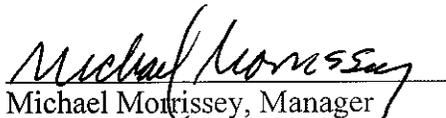

4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).

5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

This Order is entered by the Manager for the Measure 37 Services Division of the DLCD as a final order of DLCD and the Land Conservation and Development Commission under ORS 197.352, OAR 660-002-0010(8), and OAR 125, division 145, and by the Administrator for the State Services Division of the DAS as a final order of DAS under ORS 197.352, OAR 125, division 145, and ORS 293.

FOR DLCD AND THE LAND  
CONSERVATION AND DEVELOPMENT  
COMMISSION:

Lane Shetterly, Director

Michael Morrissey, Manager  
DLCD, Measure 37 Services Division  
Dated this 3<sup>rd</sup> day of October, 2006.

FOR the DEPARTMENT OF  
ADMINISTRATIVE SERVICES:

  
\_\_\_\_\_  
David Hartwig, Administrator  
DAS, State Services Division  
Dated this 3<sup>rd</sup> day of October, 2006.

#### NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review under ORS 183.484: Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 may be filed in the Circuit Court for Marion County or the Circuit Court in the county in which you reside.

2. A cause of action under ORS 197.352 (Measure 37 (2004)): If a land use regulation continues to apply to the subject property more than 180 days after the present owner of the property has made written demand for compensation under ORS 197.352, the present owner of the property, or any interest therein, shall have a cause of action in the circuit court in which the real property is located.

(Copies of the documents that comprise the record are available for review at the Department's office at 635 Capitol Street NE, Suite 150, Salem, Oregon 97301-2540)

### **FOR INFORMATION ONLY**

The Oregon Department of Justice has advised the Department of Land Conservation and Development that “[i]f the current owner of the real property conveys the property before the new use allowed by the public entity is established, then the entitlement to relief will be lost.”

**ORS 197.352 (BALLOT MEASURE 37) CLAIM FOR COMPENSATION**  
**OREGON DEPARTMENT OF LAND CONSERVATION AND DEVELOPMENT**  
**Final Staff Report and Recommendation**

October 3, 2006

**STATE CLAIM NUMBER:** M124822

**NAMES OF CLAIMANTS:** Peter and Norma Jean Etzel

**MAILING ADDRESS:** 18722 Fern Ridge Road SE  
Stayton, OR 97383

**PROPERTY IDENTIFICATION:** Township 9S, Range 1E, Section 3  
Tax lots 700 and 800  
Marion County

**OTHER CONTACT INFORMATION:** Frank Walker  
Frank Walker & Associates  
PO Box 7170  
Salem, Oregon 97303

**DATE RECEIVED BY DAS:** April 13, 2006

**180-DAY DEADLINE:** October 10, 2006

**I. SUMMARY OF CLAIM**

The claimants, Peter and Norma Jean Etzel, seek compensation in the amount of \$3,226,146 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimants desire compensation or the right to divide the 138.24-acre subject property into seven parcels and to develop a farm-related dwelling on each parcel. The subject property is located at 18722 Fern Ridge Road, near Stayton, in Marion County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Peter and Norma Jean Etzel's division of the 138.24-acre subject property into seven parcels and to their development of a farm-related dwelling on each parcel: applicable provisions of Statewide Planning Goal 3 (Agricultural Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 33, enacted or adopted after each claimant acquired the subject property. These land use regulations will not apply to the claimants only to the extent

necessary to allow the claimants to use the subject property for the use described in this report, and only to the extent that use was permitted when Peter Etzel acquired the property in 1960, and only to the extent that use was permitted when Norma Jean Etzel acquired the property in 1974. (See the complete recommendation in Section VI. of this report.)

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On July 26, 2006, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 10-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on April 13, 2006, for processing under OAR 125, division 145. The claim identifies Goal 3 and provisions of ORS 197 and 215 as the basis for the claim. Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

#### **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## V. ANALYSIS OF CLAIM

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### **Findings of Fact**

The claimant, Peter Etzel, acquired the subject property on October 17, 1960, as reflected by a deed included with the claim. The claimant Norma Etzel acquired the subject property on December 28, 1974. On June 7, 1995, Peter Etzel transferred a one-half undivided interest in the subject property each to the Norma J. Etzel Trust and the Peter A. Etzel Trust with himself and his wife Norma Jean Etzel as trustees, as reflected by a certification of trust submitted with the claim.<sup>1</sup> The Marion County Assessor’s Office confirms the claimants’ current ownership of the subject property.

### **Conclusions**

The claimants, Peter and Norma Jean Etzel, are “owners” of the subject property as that term is defined by ORS 197.352(11)(C). Peter Etzel has been an owner since October 17, 1960, and Norma Jean Etzel has been an owner since June 7, 1995. Peter Etzel is a “family member” of Norma Etzel, as that term is defined by ORS 197.352(11)(A).

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimants’ use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimants or a family member acquired the property.

### **Findings of Fact**

The claim indicates that the claimants desire to divide the 138.24-Aacre subject property into seven parcels and to develop a farm-related dwelling on each parcel. It indicates that current land use regulations prevent the desired use.<sup>2</sup>

The claim is based generally on the applicable provisions of state law that require Exclusive Farm Use (EFU) zoning and restrict uses on EFU-zoned land. The claimants’ property is zoned EFU by Marion County, as required by Goal 3, in accordance with ORS 215 and OAR 660,

---

<sup>1</sup> Transfer of property to a revocable trust does not result in a change in ownership for the purposes of ORS 197.352.

<sup>2</sup> In addition to Goal 3 and provisions of ORS 215, the claimants cited ORS 197 as applicable to this claim but did not establish how that statute either applies to the claimants’ desired use of the subject property or restricts its use with the effect of reducing its fair market value. On their face, provisions of this statute either do not apply to the claimants’ property or do not restrict the claimants’ desired use of the property with the effect of reducing its fair market value. This report addresses only those regulations that the department finds are applicable to and restrict the claimants’ use of the subject property, based on the claimants’ asserted desired use.

division 33, because the claimants' property is "agricultural land" as defined by Goal 3.<sup>3</sup> Goal 3 became effective on January 25, 1975, and required that agricultural lands as defined by Goal 3 be zoned EFU pursuant to ORS 215.

Current land use regulations, particularly ORS 215.263, 215.284 and 215.780 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, prohibit the division of EFU-zoned land into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on that land.

ORS 215.780 establishes an 80-acre minimum size for the creation of new lots or parcels in EFU zones and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.263 (2005 edition) establishes standards for the creation of new parcels for non-farm uses and dwellings allowed in an EFU zone.

OAR 660-033-0135 (applicable to farm dwellings) became effective on March 1, 1994, and interprets the statutory standard for a primary dwelling in an EFU zone under ORS 215.283(1)(f). OAR 660-033-0130(4) (applicable to non-farm dwellings) became effective on August 7, 1993, and was amended to comply with ORS 215.284(4) on March 1, 1994. The Commission subsequently adopted amendments to comply with House Bill 3326 (Chapter 704, Oregon Laws 2001, effective on January 1, 2002), which were effective on May 22, 2002. (See administrative rule history for OAR 660-033-0100, -0130 and -0135.)

Claimant Peter Etzel acquired the subject property in 1960, prior to the adoption of the statewide planning goals and their implementing statutes and regulations. No county zoning applied to the subject property in 1960.

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established by applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, were enacted or adopted after Peter Etzel acquired the subject property. These laws restrict the use of the subject property relative to the uses allowed when Peter Etzel acquired the property.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property, based on the use that the claimants have identified. There may be other laws that currently apply to the claimants' use of the subject property, and that may continue to apply to the claimants' use of the property, that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use.

---

<sup>3</sup> The claimants' property is "agricultural land" because it contains Natural Resources Conservation Service Class I-IV soils.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have “the effect of reducing the fair market value of the property, or any interest therein.”

#### **Findings of Fact**

The claim includes an estimate of \$3,226,146 as the reduction in the subject property’s fair market value due to the regulations that restrict the claimants’ desired use of the property. This amount is based on comparable sales data submitted with the claim.

#### **Conclusions**

As explained in Section V.(1) of this report, the claimants are Peter Etzel who acquired the subject property in 1960 and his wife Norma Jean Etzel. Under ORS 197.352, the claimants are due compensation for land use regulations that restrict the use of the property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since Peter Etzel acquired the subject property restrict the claimants’ desired use of the property. The claimants estimate that the effect of the regulations on the fair market value of the subject property is a reduction of \$3,226,146.

Without an appraisal or other documentation and without verification of whether or the extent to which the claimants’ desired use of the subject property was allowed under the standards in effect when the claimants acquired the property, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department since Peter Etzel acquired the property.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

#### **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, which Marion County has implemented through its current EFU zone. These land use regulations were enacted or adopted after Peter Etzel acquired the subject property.

#### **Conclusions**

Without a specific development proposal for the subject property, it is not possible for the department to determine all the laws that may apply to a particular use of the property, or whether those laws may fall under one or more of the exemptions under ORS 197.352. It

appears that none of the general statutory, goal and rule restrictions on division and development of the claimants' property were in effect when Peter Etzel acquired the subject property and do not provide a basis for compensation. In addition, other land use laws enacted or adopted for a purpose set forth in ORS 197.35(3)(A) to (D) are also exempt and would not provide a basis for compensation.

## VI. FORM OF RELIEF

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### Findings of Fact

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimants' desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$3,226,146. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimants' desired use of the subject property was allowed under the standards in effect when Peter Etzel acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Peter and Norma Jean Etzel to use the subject property for a use permitted at the time they each acquired the property on October 17, 1960, and December 28, 1974, respectively.

At the time Norma Jean Etzel acquired an interest in the subject property, it was subject to the interim planning goals. During the period between October 5, 1973, and January 25, 1975, ORS 197.175(1) and 197.280 (1973 editions) required, in addition to any local plan or zoning provisions, that cities and counties exercise their planning responsibilities in accordance with the interim land use planning goals set forth in ORS 215.515 (1973 edition). *Petersen v. Klamath Falls*, 279 Or 249 (1977); *see also, Meeker v. Board of Comm'rs*, 287 Or 665 (1979) (review of a subdivision is an exercise of planning responsibilities requiring application of the goals); *State Housing Council v. Lake Oswego*, 48 Or App. 525 (1981) (noting that while "[I]and use planning responsibility is not defined in ORS ch 197, the Supreme Court has interpreted that term as including annexation approvals, *subdivision approvals* [emphasis added] and partition

approvals”) citing *Petersen, Meeker and Alexanderson v. Polk County*, 285 Or 427 (1980). The claimants’ desired use includes subdivision of their land. If the claimants had sought to create that use in 1974, as a matter of law, the use would have been subject to the interim planning goals at ORS 215.515.<sup>4</sup>

The following interim goals are directly applicable to this claim: “To preserve the quality of the air, water and *land* [emphasis added] resources of the state”; “To conserve prime farm lands for the production of crops”; “To provide for the orderly and efficient transition from rural to urban land use”; “To protect life and property in areas subject to floods, landslides and other natural disasters”; “To provide and encourage a safe, convenient and economic transportation system including all modes of transportation: Air, water, rail, highway and mass transit and recognizing differences in the social costs in the various modes of transportation”; and “To develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development.” ORS 215.515 (1973 edition).

One of the interim goals was to “conserve prime farm lands for the production of crops.” Soil types are a determinant of prime farm land. Approximately seventy-five percent of the soils on the 138.24-acre property are rated as “prime” by the Natural Resource Conservation Service (NRCS).<sup>5</sup> In particular, it is unclear whether division and development of the prime farm land portion of the property could satisfy the interim goal requirement to “conserve prime farm lands for the production of crops.”

No information has been provided establishing whether or to what extent the claimants’ desired division of the subject property for residential development complies with the interim planning goals set forth in ORS 215.515 (1973 edition) in effect at the time the claimants acquired the property on December 28, 1974.

Laws in effect when Peter Etzel acquired the subject property in 1960 and when Norma Jean Etzel acquired the property in 1974 are exempt under ORS 197.352(3)(E) and will continue to apply to the claimants’ use of the property. There may be other laws that continue to apply to the claimants’ use of the subject property that have not been identified in the claim. In some cases, it will not be possible to know which laws apply to a use of the subject property until there is a specific proposal for that use. When the claimants seek a building or development permit to carry out a specific use, it may become evident that other state laws apply to that use. In some cases, some of these laws may be exempt under ORS 197.352(3)(A) to (D).

---

<sup>4</sup> The “interim” land use goals are set forth in ORS 215.515(1)(a) to (j) (1973 edition) as follows: (a) “To preserve the quality of the air, water and land resources of the state,” (b) “To conserve open space and protect natural and scenic resources,” (c) “To provide for the recreational needs of citizens of the state and visitors,” (d) “To conserve prime farm lands for the production of crops,” (e) “To provide for the orderly and efficient transition from rural to urban land use,” (f) “To protect life and property in areas subject to floods, landslides and other natural disasters,” (g) “To provide and encourage a safe, convenient and economic transportation system including all modes of transportation: Air, water, rail, highway and mass transit and recognizing differences in the social costs in the various modes of transportation,” (h) “To develop a timely, orderly and efficient arrangement of public facilities and services to serve as a framework for urban and rural development,” (i) “To diversify and improve the economy of the state” and (j) “To ensure that the development of properties within the state is commensurate with the character and the physical limitations of the land.” ORS 215.515 (1973 edition).

<sup>5</sup> NRCS soil survey for Marion County.

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the use that the claimants have identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable given the information provided to the department in the claim. The claimants should be aware that the less information they have provided to the department in their claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to their use of the subject property.

### **Conclusions**

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Peter and Norma Jean Etzel's division of the 138.24-acre subject property into seven parcels and to their development of a farm-related dwelling on each parcel: applicable provisions of Goal 3, ORS 215 and OAR 660, division 33, enacted or adopted after each claimant acquired the subject property. These land use regulations will not apply to the claimants only to the extent necessary to allow them to use the subject property for the use described in this report, and only to the extent that use was permitted when Peter Etzel acquired the property on October 17, 1960, and only to the extent that use was permitted when Norma Jean Etzel acquired the property on December 28, 1974.
2. The action by the State of Oregon provides the state's authorization to the claimants to use the subject property for the use described in this report, subject to the standards in effect when Peter Etzel acquired the property on October 17, 1960, and when Norma Jean Etzel acquired the property on December 28, 1974. On December 28, 1974, the property was subject to ORS 215 then in effect, including the interim planning goals set forth in ORS 215.515 (1973 edition).
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.
4. Any use of the subject property by the claimants under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).
5. Without limiting the generality of the foregoing terms and conditions, in order for the claimants to use the subject property, it may be necessary for them to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimants from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has

jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimants.

## **VII. COMMENTS ON THE DRAFT STAFF REPORT**

The department issued its draft staff report on this claim on September 12, 2006. OAR 125-145-0100(3), provided an opportunity for the claimants or the claimants' authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Comments received have been taken into account by the department in the issuance of this final report.
