<b>NOTES:</b>													
Mt Hood: students with a CDA or other validated training/experience may use the Challenge process to obtain credits for any ECE coursework. We have established documentation requirements for every class and faculty are paid a standard rate of \$36/hour to evaluate the student's materials. I believe students pay \$15/credit for the challenge and it is always graded as Pass/Fail.													
Linn Benton: Our Head Start teachers are working on 2-year or 4-year degrees and providers start with 15-credit certificate.													
LB: We could look at the 15-credit certificate to see how it matches up with both CDA and Step 7
