

Fun farm facts:

Oregon agriculture products go to your grocery store, farmer's market, and restaurants. They are also sent to other states and countries around the world!

- Oregon has 34,600 farms.
- The average farm size is 474 acres. That's bigger than 358 football fields put together!
- 98% of Oregon farms are owned by families.
- The average Oregon farmer is 59 years old.
- Each year, the average U.S. farmer produces enough food to feed 155 people!

Question: How many days a year are Oregon agriculture products growing? ___ ___ ___ days

Year 1995

Out of all the U.S. states Oregon grows the most...

Blackberries		Fescue seed
Boysenberries		Sugarbeets for seed
