Totals	3,837.12	30,469.22	20,892.92	51,362.14	\$1,797,674.78	\$55,820.66

Source: Oregon Department of Agriculture, Natural Resources Division

- * Acres leased from State of Oregon for shellfish cultivation at end of year. Numbers do not reflect production from lands not owned by the State of Oregon. For example, considerable production occurs in Coos Bay on lands owned by the Port and the County, which are not included in these numbers.
- ** Numbers include dozens that have been converted into bushels.
- *** One bushel of Pacific Oysters will yield approximately one gallon of oyster meats. Total production is expressed as sum of gallons and bushels for comparative purposes.
- **** Oyster price used in computing value is \$35 per gallon.
