

AMENDMENT #3

MEMORANDUM OF AGREEMENT
Between
The Oregon Pesticide Analytical Response Center
And
The Oregon Health & Science University

This document is Amendment #3 to the Memorandum Of Agreement dated January 21, 2010, between the Oregon Pesticide Analytical Response Center (PARC) and the Oregon Health & Science University, an Oregon statutory public corporation (OHSU). This Amendment shall be in affect from July 1, 2013, to June 30, 2015, unless specifically amended as herein set forth.

The Agreement is hereby amended as follows:

PARC shall provide to OHSU an amount not to exceed \$25,000.00 for the services provided to PARC by OHSU as detailed in this Amendment. PARC providing these funds to OHSU is contingent upon the availability of adequate funding to PARC, through action of the Oregon Legislature, to meet PARC expenditures. Any change in funding availability during the term of this amendment will be communicated by PARC to OHSU, and may serve as a basis for amending this Amendment.

OHSU shall provide to PARC the services of Fred W. Berman, DVM, PhD and other OHSU staff knowledgeable in human and animal toxicology. These services shall include:

- Review reports and other documents provided by PARC associated with pesticide use incidents involving alleged or actual impacts on human or animal health;
- Provide, as requested by PARC, written reports on the physical properties of specific pesticide active ingredients and products, with particular emphasis on human and animal toxicology;
- Provide human and animal toxicological advice to PARC regarding specific pesticide use incidents;
- Regularly attend meetings of the PARC Board to present and discuss reviews, reports and advice pertaining to pesticide use incidents and human and animal health.

OHSU shall provide invoices to PARC for services provided. These invoices will be no more frequently submitted than monthly. These invoices will detail the nature and cost of services provided to PARC, and shall serve as the basis for the transfer of funds from PARC to OHSU under this Agreement.
