

# FUNDING ISSUES LIST

## Sustainable Large Fire Funding Issues

January 21, 2015

---

The issues listed below in black and denoted by the • bullet symbol were identified by the Fire Program Review Committee on 12/1/2016. The issues listed below in red and denoted by a ➤ bullet symbol were identified by the Sustainable Large Fire Funding Workgroup (SLFFW). In order to make this list more manageable, the Co-chairs of the SLFFW grouped this combined list.

### Group 1 - Roles:

- Role of GF/E-Board
- OFLPF – role, operating rules
- Addressing the unfunded portions
- Alternative Funding Package

### Group 2 - Equity:

- Equity: are WUI owners paying fair share?
- Landowner affordability (eastside)/keeping working forests working
- Keeping working forests working
- Public land contracts
- OFLPF revenue sources (equity)
- District Deductible
- Cost Collection (More back?)
- How much variability in large fire costs are we trying to account for?

### Group 3 - Insurance:

- Catastrophic Insurance
- Insurance relevance

### Group 4 - Severity:

- Severity funding: Is the current level appropriate
- Broader review of WPA elements
- Use of Derivatives (Enhanced)
- Parametric/Self-Funding

### Group 5 – Other Items:

- Short term OFLPF issue \$13.5 million cap for FY16
- Issue w/gap between \$50 million insurance deductible & \$20 million OFLPF
- \$22.5MM - \$30MM cap on OFLPF

### Group 6 - Assessment Criteria:

- Using existing authority to assess based on risk/other criteria

### Group 7 - Base Level Funding:

- Prevention funding
- Detection funding
- Strategic Investments
