

APPRENTICE SHOWCASE SUMMER 2015

In partnership with Oregon businesses, registered apprenticeship programs offer quality career opportunities through paid on-the-job training and education, with a focus on construction and manufacturing trades.

Patricio Gomez:

Working for Slayden as a Laborer Apprentice on the Sellwood Bridge
 Received fuel assistance and jobsite readiness funds from the Oregon Southern Idaho Laborers.

DANIELLE MARCIAL

Working as a Laborer Apprentice for Goodfellow Bros on the Sellwood Bridge

Graduated March 2014 from Oregon Tradeswomen. Additional certifications: OSHA 10, CPR, Forklift Safety Training, received job placement services including interview preparation and support for her to attend Laborer's Hands On Skills Assessment. Received supportive services for job readiness. Danielle is currently a union laborer apprentice.

VINCENT JOHNSON

Working as a Carpenter Apprentice at Andersen Construction

Graduated November 2014 from Constructing Hope. Vincent is working at Block 15 Project. He received tools from Akana. Attended the Carpenters Bridgework Anatomy of a Bridge Class in 2015, and is now a 2nd term apprentice.

SIVA WEILERT

Working for Slayden as a Carpenter Apprentice on the Sellwood Bridge

Graduated August 2012 from Oregon Tradeswomen. Additional certification: OSHA 10. Was trained as a union cement mason, but now working as a well-rounded Carpenter. Siva continues to be active at OTI providing mentoring to pre-apprentice students and graduates about the cement masons apprenticeship program.

GENEVIEVE SMITH-HENRY

Working as a Carpenter Apprentice at Neil Kelly

Graduated March 2014 from Oregon Tradeswomen. Additional certifications received: Erosion & Sediment Control Lead, 40 Hour HAZWOPER certification, OSHA 10. Received supportive services through Akana. Attended the Carpenters Bridgework Anatomy of a Bridge Class in 2014. Began working as a temp doing environmental work. Received support services from OTI as well as job counseling about next steps. Now a union carpenter at Neil Kelly.

STEPHANIE SYZAR

Working on the Sellwood Bridge as a Pile Driver Apprentice

Graduated January 2011 from Oregon Tradeswomen. Additional certification: OSHA 10. Worked extensively with job placement staff to get job leads and to connect with other resources so she could get her CDL and some mechanics/maintenance classes. Received supportive services support from Akana.

SHOSHANA NEWMAN

Working as a Carpenter Apprentice at Neil Kelly

Graduated March 2014 from Oregon Tradeswomen. Additional certifications received: Erosion & Sediment Control Lead, 40 Hour HAZWOPER certification, OSHA 10. Received supportive services through Akana. Attended the Carpenters Bridgework Anatomy of a Bridge Class in 2014. Began working as a union carpenter after completing the class and additional apprentice training provided through OTI's EPA grant. Continues to give back to OTI by mentoring current students and recent graduates about the carpenters apprenticeship program.
