OREGON ADMINISTRATIVE RULES, CHAPTER 735, DIVISION 74**

**AT-RISK DRIVER PROGRAM  
MANDATORY REPORT FOR MEDICAL PROFESSIONALS**

**Definitions 735-074-0080**

A "**health care provider**" is a person licensed, certified or otherwise authorized or permitted by law to administer health care in the State of Oregon. For purposes of these rules, the term health care provider is limited to: a chiropractic physician, nurse practitioner, occupational therapist, physical therapist, optometrist, physician assistant and podiatric physician or surgeon.

A "**physician**" is a medical doctor or doctor of osteopathic medicine licensed to practice medicine in the State of Oregon by the Board of Medical Examiners or a doctor of naturopathic medicine licensed to practice naturopathic medicine in the State of Oregon by the Board of Naturopathic Examiners.

A "**primary care provider**" is a physician or health care provider who is responsible for supervising, coordinating and providing a person's initial and ongoing health care. A primary care provider initiates referrals for health care outside of his or her scope of practice, consultations and specialist care to assure continuity of a person's medically appropriate health care.

"**Severe**" means that the impairment substantially limits a person's ability to perform activities of daily living, including driving, because it is not controlled or compensated for by medication, therapy, surgery or adaptive devices. Severe does not include a temporary impairment for which the person is being treated by a physician or health care provider and which is not expected to last more than six months.

"**Uncontrollable**" means the impairment cannot be controlled or compensated for by medication, therapy, surgery, or adaptive devices.
