### RE: NPDES Storm Water Permit No. 1200-CA Renewal Application

Dear Mr. Namburi:

The Oregon Department of Transportation is currently registered for permit coverage under the National Pollutant Discharge Elimination System 1200-CA Stormwater Construction General Permit as listed below. DEQ received the applications to renew registration under the general permit and assigned the following application numbers:

DEQ File Number	Permit Registrant	Application Number
106772	ODOT - REGION 1	981177
106845	ODOT - REGION 2	980745
106771	ODOT - REGION 3	980645
107704	ODOT - REGION 4	980631
106817	ODOT - REGION 5	980997

In accordance with OAR 340-045-0040(2), if a completed application for renewal of permit coverage is filed with DEQ pursuant to OAR 340-045-0030, permit coverage will not expire until final action is taken on the renewal application. ODOT has met this requirement for the aforementioned applications. We will notify you if we need additional information to process these applications.

Please contact me at (503) 229-6431 if you have any questions or concerns.

Sincerely,

Keith Johnson, Interim Water Quality Manager  
Stormwater & Underground Injection Control  
Northwest Region
