# 82nd Avenue Safety Improvements at SE Duke Street

The Oregon Department of Transportation (ODOT) is working on a project to improve safety on SE 82nd Avenue (Oregon Highway 213) at SE Duke Street. Construction is expected to start in September 2015 and continue through spring 2016.

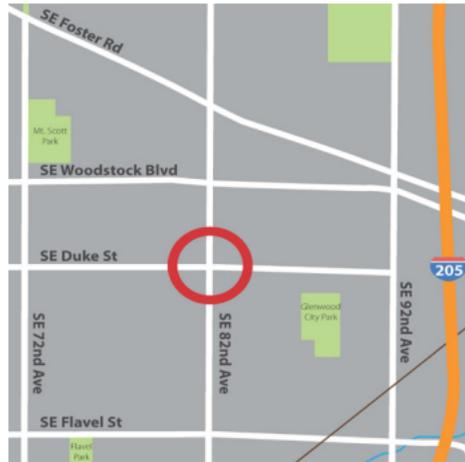

## Construction impacts

Efforts will be made to minimize traffic and business impacts during construction, as crews work during the day and night.

There may be nighttime noise impacts to residents and businesses during construction; a 24-hour noise hotline will be available at 503-412-2363.

## Why SE Duke Street?

From 2008-12, there were 41 crashes (with two resulting in serious injuries) at this intersection, which resulted in the need for this project.

For more information about the project or to ask questions, visit [www.SE82ndAveatDuke.com](http://www.SE82ndAveatDuke.com)

## Project elements

- Replace/upgrade traffic signals and street lighting.
- Add directional signs on SE 82nd Avenue north and south of SE Duke Street.
- Improve the sidewalk and add a bus pull-out on SE 82nd Avenue (west side, south of SE Duke Street).
- Upgrade sidewalk curb ramps to Americans with Disabilities Act (ADA) standards.
