Subject: SE Foster Road project funding (E29)

Hello there,

I am writing as a community member and a board member of the Foster-Powell neighborhood association. Our neighborhood has been working for more than 10 years to improve Foster Rd. City Council adopted a streetscape plan in 2003, but it has never been funded. In recent years, the streetscape plan has received partial funding through the urban renewal district and through MTIP funds. However, the available funding covers only a small portion of the needed improvements.

Foster Rd is both the commercial heart of the neighborhood and a very dangerous, high crash corridor. It is horribly common to hear of pedestrian injuries and fatalities - at least 4 in the last two years. Part of the issue is the physical design of the corridor.

I strongly encourage you to fund this critical and timely project. The community has waited so long to see this happen, and it is so gratifying to see years of engagement and support coming to fruition.

Sincerely,

Li Alligood
6112 SE Gladstone
Portland, OR 97206

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

Foster is effectively a residential and commercial vital link for Portland's development. It's infrastructure and demeanor will set the bar as it is the remaining under-developed neighborhood artery for the southeast and east of Portland.

Sincerely,
Teresa Boze

Linda,

I've been unable to post these comments on the ODOT web site due to a technical glitch, or my computer incompetence. would you post the following;

ODOT Region 1
123 NW Flanders

To whom it may concern,

The East Portland Action Plan bike subcommittee (EPAPbike) endorses the following STIP projects;

E87- Powell/Division Safety Access To Transit
E33- Sullivan's Gulch Trail Undercrossing of I-205

5/31/2013

E29- Foster Road Safety and Sidewalk Enhancement Project

The above projects are listed in the East Portland In Motion Plan, The East Portland Action Plan, The Bike Master Plan for 2030, or will greatly improve bike/ped safety with their completion.
Thank you for your consideration of these projects to the 150% list.

Regards,
Jim Chasse
Co-Chair EPAPbike

To: FLOWERS Jeffrey A
Subject: Foster Road STIP Application

Mr. Flowers:

I'm writing to ask that ODOT deny the Portland Bureau of Transportation's STIP financing request for the SE Foster Road Safety and Sidewalk Enhancement Project for the current cycle. As PBOT's plans for Foster Road continue to evolve, I feel it would be imprudent to award money for the Foster Road project when we still don't know what the project is.

This message represents my personal views as a community advocate and Foster Streetscape Stakeholder Advisory Committee member; the Lents Neighborhood Association has not yet taken a stance on this issue.

PBOT has yet to decide whether to implement its safety improvements in a 4-through-lane or 2-through-lane road configuration on Foster. This is a critical question for Lents and Southeast Portland. Foster Road is a major freight and traffic corridor, carrying more than 20,000 vehicles daily. In East Portland, Foster is a critical link to jobs for people who live east of 82nd Avenue, people who have limited access to services and employment.

Narrowing Foster Road will cause traffic to spill over onto other neighborhood streets. We don't yet know how much – the only data PBOT has released shows a 100 percent increase of traffic onto Holgate Boulevard; they have yet to provide hard numbers on traffic shifting.

This project has struggled to address issues of equity. The Stakeholder Advisory Committee originally consisted of 20 all-white stakeholders; my neighborhood, Lents, consists of roughly 40 percent of people of color. One ethnic minority was later added to the committee.

Furthermore, the project is inherently inequitable to the 20,000 residents of Lents. In my neighborhood, a new bike lane is projected to carry a whopping 400 cyclists daily at SE Foster and 87th Avenue. The latest traffic count at that same location shows 23,057 vehicles use that intersection daily.

Until we know more about what PBOT is proposing, and whether this proposal involves removal of traffic lanes for the vast majority of road users, it would be a mistake to fund this project with STIP money. I urge the Project Selection Committee to put this application off until PBOT's new

Foster Road plan is complete.

Thank you for your work on our region's transportation future.

Sincerely,

Nick Christensen
Chair
Lents Neighborhood Association

Hello ODOT STIP Project Selection Committee,

I have been a resident of the Foster area for the last 11 years. When I first moved to the neighborhood I had communicated with a city planner who had been working on Foster area road improvements and the problem they said was there was no funding.

I'm now writing once again to request support for this very critical transportation corridor in order to make it safe and pedestrian friendly. Local businesses will only draw increased business if it's safe!

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

Sincerely,
Tobias Goldstone

To: STIP Enhance Apps Region1
Subject: Foster Street Scape Plan Enhanced Funding

To whom it may concern,

I wanted to voice my support for the ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project. I live right off Foster, and I believe this neighborhood is primed to become up and coming Portland Neighborhood. Its the only place left in S.E. that is affordable for first time home-buyers and young families. I moved into Foster-Powell 1.5 years ago and I plan on raising a family in the neighborhood (we're due in July!). Currently Foster Road is dangerous, loud and used as a highway. However, there are many areas with great business and public spaces that could blossom into something great if Foster Road was re-designed with the Neighborhood instead of the commuter in mind. If folks want to drive fast, they can drive on Powell, which is only a few blocks away. I strongly encourage you to enhance funding for the SE Foster Road Safety and sidewalk enhancement projects because I'd like my children to grow up in a safe and vibrant neighborhood.

Thank you for your time and consideration,

-Tim Gottgetreu

Hello ODOT STIP Project Selection Committee,

Hello,

This email is being written in support of the "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

As a resident of Foster-Powell, I regularly walk to local businesses on Foster Road, and I can attest to the danger of crossing that thoroughfare. There are many fledgling businesses in the area that could use the support of a more advanced traffic and pedestrian management system. Please consider funding this project to save pedestrian lives and promote the neighborhood's economy.

Thank you.
Kevin Griffith

Sincerely,
Kevin Griffith

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: I-205 Shared Use Path: Pedestrian Bridge at Johnson Creek"

I and my children use the I-205 path to go grocery shopping, and we live north of Johnson Creek. A safer crossing would be much preferred to the current set-up of crossing SE 92nd multiple times.

Sincerely,
Laura Bouma

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

As a resident of the Foster Corridor, a parent, and a concerned citizen, I am deeply troubled by the dangers that pedestrians and bicyclists encounter as they move through the Foster Corridor. Too many accidents, injuries and fatalities have already occurred. Our neighborhood is poised for improved commercial and community development, but the safety issues MUST be addressed in order for the Foster Corridor to become the social, cultural, and economic powerhouse for the City that it can become. I hope that grant funds are secured for improvements to pedestrian and bicyclist safety along Foster road.

Best,

Jana Hughes
4110 SE 63rd

Sincerely,
Jana Hughes

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project." As a former resident who is planning a move back to the neighborhood with my nine year old daughter I am in full support of the improvements. Walking a riding our bikes in the neighborhood was sometimes dangerous and the proposed improvements will greatly increase the likely hood that we will choose this area to live when we move back this Summer. Thank you for your time and consideration.

Sincerely,
Carrie Hummel-Logee

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

I live a block off Foster and it would really enhance the livability of the neighborhood to be able to walk around without fearing getting hit by a car.

Sincerely,
Renee LaChance

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

As a former longtime Hawthorne resident, I'd love to see the walkability of Foster improve as there is so much potential here for businesses and new residents. A young homeowner such as myself can't afford to buy in many of the great established neighborhoods in this city so I'd enjoy seeing Foster flourish and grow.

Sincerely,
Maria Malloy

Subject: 150% list

I would like to comment and point out the urgency/necessity of the SE Foster Rd. streetscape project. This is a desperately needed project, both from a safety standpoint (Foster is a high crash corridor and continues to average multiple ped/cyclist deaths every year) and a livability/revitalization standpoint (this road redesign will be integral for bringing in new businesses and shaping Foster to be the central business/neighborhood area that the surrounding neighborhoods desperately need). This project will also vastly increase bike connectivity in outer SE Portland (which has sadly been left behind compared to many other areas of the city). Many people in the area are extremely excited by the chance to fix the broken road/pseudo highway that Foster currently is.

I urge you to move the Foster project forward and grant it funding.

David Messenheimer

Brentwood Darlington neighborhood.

Oregon Walks, formerly the Willamette Pedestrian Coalition, has been advocating since 1991 to create walkable communities and to make the conditions for walking safe, convenient, and attractive for everyone.

Oregon Walks volunteers on the Plans and Projects Committee have reviewed the projects on the 150% recommendations for potential "Enhance" STIP funding. We are pleased to see many applications for Streetscape and Bicycle/Pedestrian Connectivity projects, and we strongly support funding as many of those as possible.

We especially support funding of projects that provide access to transit and to other destinations that have the potential to attract many pedestrians, including those that improve pedestrian crossings on busy arterials, and those that serve vulnerable populations including the young, the old, the poor, and minority populations. We also support projects that fill gaps in the sidewalk system and those that overcome barriers often found near freeway interchanges. Our priorities are based on the research documented in the Oregon Walks publication [Getting Around on Foot](#).

Based on those considerations, Oregon Walks urges funding of the following projects:

- E1 – Beaverton Crescent Connection (Cedar Hills to Denney Road)
- E13 – King City Sidewalk Infill
- E18 – Molalla OR Hwy 211 Bike and Ped. Safety Enhancements
- E21 – Portland Cully Blvd
- E22 – Portland Downtown I-405 Pedestrian Safety and Operational Improvements
- E29 – Portland SE Foster Rd. Safety and Sidewalk Enhancement Project
- E40 – Sandy US 26 sidewalks (Ten Eyck Rd/Wolf Rd to Vista Loop)
- E 53 – Clackamas County Otty St – 82nd Ave Realignment
- E84 – Barbur Blvd/99W Corridor Safety and Access to Transit
- E86 – Hwy 8 Corridor Safety and Access to Transit

We appreciate this opportunity to comment,

Oregon Walks
Plans and Projects Committee

Re: ODOT STIP Enhance Program Project Application Support

To ODOT Region 1 STIP Project Selection Committee members,

On behalf of the City of Portland Pedestrian Advisory Committee (PAC), I am writing in support of multiple ODOT STIP Enhance Program project applications on the 150% Project List submitted by the City of Portland and other agencies. The Pedestrian Advisory Committee supports the projects and urges that funding be awarded to build these projects. Funding these projects will further advance City policies to enhance public health, sustainability and opportunities for people to walk, bicycle, take transit and transfer between these modes.

There are a number of good projects submitted by the City and other agencies. The PAC considered a filtered list of priority projects and provided strong endorsement for five projects that address pressing access and safety concerns, especially for lower income residents. These projects will enhance access to transit and improve safety for pedestrians. The PAC recommends they be funded first as top priority projects. They are listed below.

PAC Top Priority Projects for Funding on the ODOT STIP List:

- E84 Barbur-99W Corridor Safety & Access to Transit (\$ 3,144,140) (TriMet)
- E87 Powell-Division Corridor Safety & Access to Transit (\$ 2,982,745) (TriMet)
- E29 SE Foster Road Safety and Sidewalk Enhancement Project (\$ 2,243,997)
- E32 St. Johns Truck Strategy Phase II (\$ 2,927,890)
- E21 Connected Cully (\$ 2,877,641)
- E22 Downtown I-405 Pedestrian Safety and Operational Improvements (\$ 2,009,952)

In addition, the PAC supports the following projects, but to a lesser extent:

- E23 N Broadway Safety Crossing Enhancement Project (\$ 1,389,458)
- E33 Sullivan's Gulch Trail Under crossing of I-205 (\$ 1,555,921)
- E69 I-205 Path at Johnson Creek (\$1,250,000) (ODOT)
- E60 Willamette Greenway Trail: Chimney Park/Kelley Pt Park (\$5,000,000) (Metro)

The PAC would like to see the design of the Sullivan's Gulch Trail Under crossing of I-205 revisited and refined to better serve pedestrians.

As an advisory body to the City of Portland, the PAC strongly supports efforts to complete the pedestrian network, enhance opportunities for walking, bicycling, and riding transit and promote growth of vibrant communities within our city. We urge you to fund these proposed projects.

Sincerely,

David Aulwes
Chair, Portland Pedestrian Advisory Committee

Subject: Comments on proposed STIP projects

I grew up in Gresham and am a long-time resident of east Portland (more than 40 years). I've also been involved, as a citizen, in land use and transportation issues in the area for many years. I'm also a new bike rider (since 2010).

With that in mind, I'd like to advocate for some specific projects on the STIP list.

First, I urge you to move forward the project that will make safety improvements for pedestrians along SE Foster -- **SE Foster Road Safety and Sidewalk Enhancement Project**. Safety improvements are desperately needed along this stretch of Foster to reduce the number of pedestrians killed or injured while trying to cross Foster.

Second, I urge you to give high priority to the **Sullivan's Gulch Trail Undercrossing of I-205**. At this time, it is very difficult & dangerous for residents who live west of the I-205 freeway in this area to access the Gateway Regional Center or the I-205 Multi-Use Path (MUP). This is made more difficult than most freeway crossings because it's also has multiple ramps connecting the I-205 AND I-84 freeways. To get to the MUP, they have to walk over a very steep overpass, with all eastbound and westbound bicycle and pedestrians sharing a single, narrow sidewalk. [Pedestrians and bikes are NOT permitted on the other side of the Halsey overpass because of a freeway off ramp from I-84 to Halsey.] Once they've navigated this treacherous section, they must make their way through the Gateway Shopping Center, through the Gateway Transit Center and across three sets of light-rail tracks to get to the I-205 MUP -- nearly a mile of dangerous travel to reach a path that's less than a quarter mile "as the crow flies". Because of the interchange at this location, pedestrians and cyclists would have to travel about a mile north (around Rocky Butte) to reach the next MUP access -- or travel considerable distance (to 82nd Ave, plus an I-84 crossing at Glisan) to reach the next closest MUP access to the south -- and the intersection where the MUP crosses Glisan is also a safety issue. At first glance this project may seem less significant than most -- but, in fact, it could make a HUGE difference in the area. which is bi-sected by two major interstate highways.

The third project that merits strong support is the **Connected Cully** project. This large, diverse, low-income neighborhood has had only one tiny 2-acre park. Portland Parks has purchased, prepared a Master Plan, and has started developing Cully Park -- but improvements are needed to make it safe for pedestrians and cyclists to get to the new park. These improvements will also

benefit children trying to walk to school.

I'd also like to express support for the following projects:

Historic Columbia River Highway State Trail: Shellrock Mountain Crossing

I-205 Shared Use Path: Maywood Park

Powell-Division Corridor Safety & Access to Transit

Estacada to Boring Deep Creek Crossing - Cazadero Trail

I-205 Shared Use Path: Pedestrian Bridge at Johnson Creek

NE 238th Dr: Halsey St to Glisan St Freight and Multimodal Improvements

Willamette Grnwy Trail: Chimney Park/Kelley Pt Park

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project." Bike transportation through this area is complicated and I would love to see improvements to pedestrian and bike safety. When you live near Foster and 82nd you realize that there are pedestrians and bikes everywhere, despite the obvious and threatening safety hazards. When you try to walk on Foster to do your shopping you realize how infrequent the crosswalks are. Thank you in advance for all improvements done to transportation in the area.

Sincerely,
Erin Seale
