## Re: ODOT STIP Enhance Program Project Application Support

To ODOT Region 1 STIP Project Selection Committee members,

On behalf of the City of Portland Pedestrian Advisory Committee (PAC), I am writing in support of multiple ODOT STIP Enhance Program project applications on the 150% Project List submitted by the City of Portland and other agencies. The Pedestrian Advisory Committee supports the projects and urges that funding be awarded to build these projects. Funding these projects will further advance City policies to enhance public health, sustainability and opportunities for people to walk, bicycle, take transit and transfer between these modes.

There are a number of good projects submitted by the City and other agencies. The PAC considered a filtered list of priority projects and provided strong endorsement for five projects that address pressing access and safety concerns, especially for lower income residents. These projects will enhance access to transit and improve safety for pedestrians. The PAC recommends they be funded first as top priority projects. They are listed below.

### PAC Top Priority Projects for Funding on the ODOT STIP List:

- E84 Barbur-99W Corridor Safety & Access to Transit (\$ 3 ,144,140) (TriMet)
- E87 Powell-Division Corridor Safety & Access to Transit (\$ 2 ,982,745) (TriMet)
- E29 SE Foster Road Safety and Sidewalk Enhancement Project (\$ 2 ,243,997)
- E32 St. Johns Truck Strategy Phase II ( \$ 2 ,927,890)
- E21 Connected Cully (\$ 2 ,877,641)
- E22 Downtown I-405 Pedestrian Safety and Operational Improvements (\$ 2 ,009,952)

In addition, the PAC supports the following projects, but to a lesser extent:

- E23 N Broadway Safety Crossing Enhancement Project (\$ 1 ,389,458)
- E33 Sullivan's Gulch Trail Under crossing of I-205 (\$ 1 ,555,921)
- E69 I-205 Path at Johnson Creek (\$1,250,000) (ODOT)
- E60 Willamette Greenway Trail: Chimney Park/Kelley Pt Park (\$5,000,000) (Metro)

The PAC would like to see the design of the Sullivan's Gulch Trail Under crossing of I-205 revisited and refined to better serve pedestrians.

As an advisory body to the City of Portland, the PAC strongly supports efforts to complete the pedestrian network, enhance opportunities for walking, bicycling, and riding transit and promote growth of vibrant communities within our city. We urge you to fund these proposed projects.

Sincerely,

David Aulwes  
Chair, Portland Pedestrian Advisory Committee

CC: Dan Bower, PBOT  
Alan Lehto, TriMet

**To:** STIP Enhance Apps Region1  
**Subject:** Comments on proposed STIP projects

I grew up in Gresham and am a long-time resident of east Portland (more than 40 years). I've also been involved, as a citizen, in land use and transportation issues in the area for many years. I'm also a new bike rider (since 2010).

With that in mind, I'd like to advocate for some specific projects on the STIP list.

First, I urge you to move forward the project that will make safety improvements for pedestrians along SE Foster -- **SE Foster Road Safety and Sidewalk Enhancement Project**. Safety improvements are desperately needed along this stretch of Foster to reduce the number of pedestrians killed or injured while trying to cross Foster.

Second, I urge you to give high priority to the **Sullivan's Gulch Trail Undercrossing of I-205**. At this time, it is very difficult & dangerous for residents who live west of the I-205 freeway in this area to access the Gateway Regional Center or the I-205 Multi-Use Path (MUP). This is made more difficult than most freeway crossings because it's also has multiple ramps connecting the I-205 AND I-84 freeways. To get to the MUP, they have to walk over a very steep overpass, with all eastbound and westbound bicycle and pedestrians sharing a single, narrow sidewalk. [Pedestrians and bikes are NOT permitted on the other side of the Halsey overpass because of a freeway off ramp from I-84 to Halsey.] Once they've navigated this treacherous section, they must make their way through the Gateway Shopping Center, through the Gateway Transit Center and across three sets of light-rail tracks to get to the I-205 MUP -- nearly a mile of dangerous travel to reach a path that's less than a quarter mile "as the crow flies". Because of the interchange at this location, pedestrians and cyclists would have to travel about a mile north (around Rocky Butte) to reach the next MUP access -- or travel considerable distance (to 82nd Ave, plus an I-84 crossing at Glisan) to reach the next closest MUP access to the south -- and the intersection where the MUP crosses Glisan is also a safety issue. At first glance this project may seem less significant than most -- but, in fact, it could make a HUGE difference in the area. which is bi-sected by two major interstate highways.

The third project that merits strong support is the **Connected Cully** project. This large, diverse, low-income neighborhood has had only one tiny 2-acre park. Portland Parks has purchased, prepared a Master Plan, and has started developing Cully Park -- but improvements are needed to make it safe for pedestrians and cyclists to get to the new park. These improvements will also

benefit children trying to walk to school.

I'd also like to express support for the following projects:

**Historic Columbia River Highway State Trail: Shellrock Mountain Crossing**

**I-205 Shared Use Path: Maywood Park**

**Powell-Division Corridor Safety & Access to Transit**

**Estacada to Boring Deep Creek Crossing - Cazadero Trail**

**I-205 Shared Use Path: Pedestrian Bridge at Johnson Creek**

**NE 238th Dr: Halsey St to Glisan St Freight and Multimodal Improvements**

**Willamette Grnwy Trail: Chimney Park/Kelley Pt Park**

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: I-205 Shared Use Path: Pedestrian Bridge at Johnson Creek"

I and my children use the I-205 path to go grocery shopping, and we live north of Johnson Creek. A safer crossing would be much preferred to the current set-up of crossing SE 92nd multiple times.

Sincerely,  
Laura Bouma

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: I-205 Shared Use Path: Pedestrian Bridge at Johnson Creek"

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: SE Foster Road Safety and Sidewalk Enhancement Project."

Foster is effectively a residential and commercial vital link for Portland's development. It's infrastructure and demeanor will set the bar as it is the remaining under-developed neighborhood artery for the southeast and east of Portland.

Sincerely,  
Teresa Boze

Hello ODOT STIP Project Selection Committee,

I am writing to express my desire to see ODOT STIP Enhance Funding for the project titled "Portland: I-205 Shared Use Path: Pedestrian Bridge at Johnson Creek"

I have used the bike path several times despite several awkward and unsafe crossings. This is one of the most difficult transitions to make and once this is in place I can imagine using this bike path as my primary method of transportation to Clackamas Town Center, and on to Sellwood and downtown Portland.

Thanks for your time and I look forward to seeing improvements to the i-205 shared use path!

Sincerely,  
Erin Seale

ODOT,

I am an Oak Hills (Beaverton) home owner and FULLY support the trails on the west side. I'm writing to ask that you fully fund all of the Regional/State Trails Projects and Streetscape/Bike/Ped Connectivity Projects on this list:
