

# 2015 Construction Projects – Northwest Oregon

## INTERSTATE HIGHWAYS

### INTERSTATE 5 (PACIFIC HIGHWAY)

- I-5 (Pacific Highway)** – Install about 300 new green highway signs and new sign structures on I-5 in Portland, N Lombard Street to SW Corbett Avenue, and on the Fremont Bridge. MP 299 to 305. All lanes and ramps open days with occasional full nighttime closures. Completion: 12/2015. Website: [www.i5pavingandsigns.org](http://www.i5pavingandsigns.org).
- I-5 (Pacific Highway)** – Pave I-5 in both directions from the Marquam Bridge to SW Capitol Highway. MP 294 to 301. All lanes open days with some nighttime closures and occasional full nighttime closures. Completion: 12/2015. Website: [www.i5pavingandsigns.org](http://www.i5pavingandsigns.org).
- I-5 (Pacific Highway)** – Seismic retrofit of OR 99W bridge over I-5. MP 295. Intermittent closure of I-5 northbound truck lane and I-5 northbound on-ramp from OR 99W. Completion: 11/2015. Website: [www.i5seismic.org](http://www.i5seismic.org).
- I-5 (Pacific Highway)** – Seismic retrofit of the I-5 bridge over Lower Boones Ferry Road. MP 290. Delays and closures on Lower Boones Ferry Road during construction. Completion: 11/2015. Website: [www.i5seismic.org](http://www.i5seismic.org).
- I-5 (Pacific Highway)** – Adding rumble strips to the shoulders and center barriers. MP 282-283. Local lane closures in immediate work zone. Completion: 1/2016. Website: <http://go.usa.gov/39JQe>.
- I-5 (Pacific Highway)** – Southbound ramp improvements, Kuebler Interchange, exit 252, include a new southbound off-ramp, new westbound Kuebler to southbound I-5 loop on-ramp, and new eastbound Kuebler to southbound I-5 on-ramp. MP 252. One- and two-lane lane closures I-5 NB and SB; weekend full closure of the SB off-ramp, and a one-week closure of the SB on-ramp; intermittent nighttime closures of Kuebler with delays of up to 20 minutes. Completion: 10/2016. Website: [www.oregonjta.org/region2/?p=i5-kuebler](http://www.oregonjta.org/region2/?p=i5-kuebler).
- I-5 (Pacific Highway)** – Widen bridge at Woodburn interchange, exit 271, at OR 214/219, with new traffic signals and reconstruction, and widen OR 219/214. MP 36.2-37.9. Intermittent nighttime lane closures. Delays of up to 20 minutes. Completion: 9/2015. JTA Website: [www.woodburninterchange.org](http://www.woodburninterchange.org).

### INTERSTATE 84 (COLUMBIA RIVER HIGHWAY)

- I-84 (Columbia River Highway)** – Widen Marine Drive between and under I-84 to ease congestion and delays. MP 17-19. Periodic on- and off-ramp closures at exits 17 and 18 and occasional closures of Marine Drive. Completion: 12/2015. JTA Website: [I84TroutdaleExit17.org](http://www.I84TroutdaleExit17.org).
- I-84 (Columbia River Highway)** – Add rumble strips to the shoulders and center barriers from Multnomah Falls to Cascade Locks. MP 32-46. Local lane closures in immediate work zone. Completion: 10/2015. Website: [www.I84construction.org](http://www.I84construction.org).
- I-84 (Columbia River Highway)** – Expand the Historic Columbia River Highway State Trail. MP 55. A 30-day closure of an eastbound lane near exit 55 in the fall. Completion: 12/2016. Website: [www.I84construction.org](http://www.I84construction.org).
- I-84 (Columbia River Highway)** – Replace median concrete barriers from Cascade Locks to Hood River, in preparation for 2016 I-84 paving. MP 46-64. Weekday lane closures in immediate work zones. Completion: 10/2015. Website: [www.I84construction.org](http://www.I84construction.org).

### INTERSTATE 205 (EAST PORTLAND FREEWAY)

- I-205 (East Portland Freeway)** – Construction continues on Sunrise Corridor Project, a new limited access highway from OR 224 at I-205 to SE 122nd Avenue at OR 212/224, and a new I-205 overcrossing linking SE 82nd Avenue and SE 82nd Drive. MP 13. Nighttime closures on I-205 or OR 212/224 and delays on nearby roads. Completion: 9/2016. Website: [www.sunrisejta.org](http://www.sunrisejta.org).
- I-205 (East Portland Freeway)** – Increase vertical clearance of the Strawberry Lane overcrossing by 18 inches with seismic retrofiting and re-paving. MP 12. Nighttime closures of right and left lanes, both directions, of I-205 during work, with closure of the Strawberry Lane overcrossing, June through September. Completion: 9/2015. Website: <http://go.usa.gov/39JUj>.

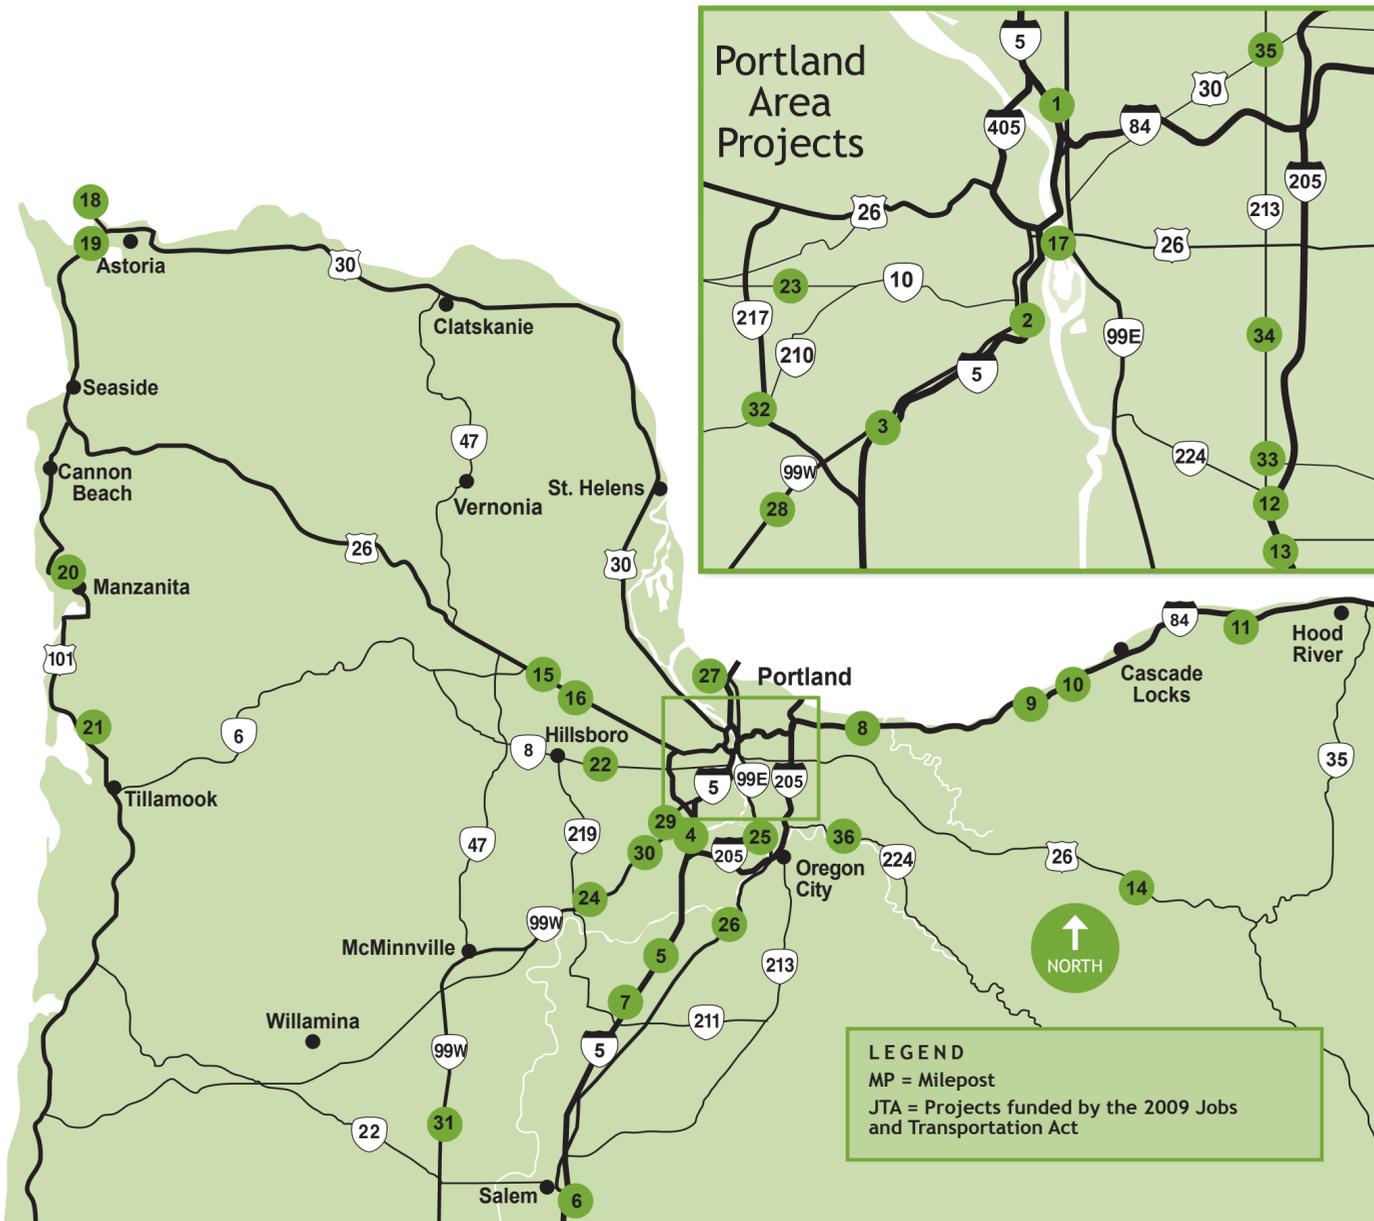

## U.S. HIGHWAYS

### U.S. 26 (MOUNT HOOD HIGHWAY)

- U.S. 26 (Mount Hood Highway)** – Improve safety on eight-mile stretch, cutting back slopes, adding a center barrier, and paving. MP 49 to 57. Work will occur Monday through Saturday at all hours. Occasional blasting, lane closures, and traffic stops lasting 20 minutes, and road closures up to an hour, 5:30 to 7:30 p.m., three days a week, Monday through Thursday. Completion: 11/2016. Website: [www.us26mthoodsafety.org](http://www.us26mthoodsafety.org).

### U.S. 26 (SUNSET HIGHWAY)

- U.S. 26 (Sunset Highway)** – Add rumble strips to the shoulders and center barriers. MP 55-61. Local lane closures in immediate work zone. Completion: 1/2016. Website: <http://go.usa.gov/39JQe>.

- U.S. 26 (Sunset Highway)** – Widen the Brookwood Parkway overpass, add new exit ramps, new bike lanes and new sidewalks, and extend the right turn lane to eastbound U.S. 26. MP 61. Occasional nighttime lane closures on Brookwood, Helvetia, U.S. 26 and ramps. Completion: 9/2015. Website: <http://go.usa.gov/39JUV>.
- U.S. 26 (Ross Island Bridge)** – First year of three-year project to paint the Ross Island Bridge. MP 0.4-1.1. Occasional nighttime single lane closures. Completion: 12/2017. Website: [www.RossIslandBridgeProject.org](http://www.RossIslandBridgeProject.org).
- U.S. 101 (Oregon Coast Highway)** – Astoria Megler Bridge over the Columbia River: structural steel repairs and a three-part paint on the upper south span. MP 1.8-3.0. Daily lane closures, including weekends, but not holiday weekends or special events, with delays up to 20 minutes. Completion: 7/2015. Website: <http://go.usa.gov/39JNk>.
- U.S. 101 BUS (Warrenton-Astoria Highway)** – Old Young's Bay and Lewis & Clark Bridges; Painting, repairs to substructure and steel; new windows, doors and paint at the historic buildings at both bridges; and reconstruction of the west approach at the Lewis & Clark Bridge. MP 4.8 (Lewis & Clark Bridge) and MP 6.9 (Old Young's Bay Bridge). Lane closures at both bridges, full nighttime closures at Old Young's Bay Bridge, with the Lewis & Clark Bridge scheduled to reopen in August after eight-month closure. Completion: 10/2017. Website: [cawood.com/enews/us101b](http://cawood.com/enews/us101b).
- U.S. 101 (Oregon Coast Highway)** – Manzanita Avenue to Neahkahnie Creek: Replacement of existing Neahkahnie Creek culvert, highway relocated and alignment improved and improved, turn lane into downtown Manzanita. MP 43.0-43.3. Nighttime single lane closures, delays up to 20 minutes. Completion: 10/2016. Website: <http://go.usa.gov/39JUH>.
- U.S. 101 (Oregon Coast Highway)** – Repave U.S. 101 Wheeler to the Wilson River north of Tillamook, with new guardrails, pavement markings, signs, and traffic loops. MP 48.4-64.2. Night and some day single lane closures, with delays of up to 20 minutes. Completion: 10/2015. Website: <http://go.usa.gov/39JUJ>.
- U.S. 101 (Oregon Coast Highway)** – Minter Bridge Road to 331st Avenue, grinding, paving and restriping; reconstructing parts of TV Highway, upgrading curb ramps, improving signs, Hillsboro city utility upgrades. MP 11.3 to 14.7. Day and night delays with lane closures and occasional weekend intersection closures. Completion: Fall 2015. Website: [www.tvhwyproject.org](http://www.tvhwyproject.org).
- U.S. 101 (Beaverton-Hillsdale Highway)** – Safety improvements from Western Avenue to 103rd Avenue, including new medians, improved road widths, and improved pedestrian signals. MP 1.5. Occasional closure of lanes, sidewalks and crosswalks, and short term bus stop closures. Completion: 11/2015. Website: <http://go.usa.gov/39JPG>.
- U.S. 101 (Newberg-Dundee Bypass)** – Phase 1. A new road on a new alignment, including a large drainage pond, nine new bridges, retaining walls, landslide remediation, traffic signals, sign structures, and landscaping. Most work off the highways but local arterials will see increased truck traffic, including OR 219 and OR 99W. No delays expected. Completion: 12/2017. JTA Website: [www.NewburgDundee.org](http://www.NewburgDundee.org).

## OREGON HIGHWAYS

### OR 8 (TUALATIN VALLEY HIGHWAY)

- OR 8 (Tualatin Valley Highway)** – Signal improvements at the intersection of SE 82nd Avenue and SE Duke Street, as well as ADA ramps and sidewalk improvements. MP 6.1-6.3. Night and day work with nighttime lane closures. Completion: Spring 2016. Website: [www.82ndAveProjects.com](http://www.82ndAveProjects.com).

### OR 10 (BEAVERTON-HILLSDALE HIGHWAY)

- OR 10 (Beaverton-Hillsdale Highway)** – Signal improvements at the intersection of NE 82nd Avenue and NE Sandy Boulevard, as well as ADA ramps and sidewalk improvements. MP 0.91-1.0. Night and day work with nighttime lane closures and pedestrian detours. Completion: Spring 2016. Website: [www.82ndAveProjects.com](http://www.82ndAveProjects.com).

### OR 18/OR 219/OR 99W (NEWBERG-DUNDEE BYPASS)

- OR 18/OR 219/OR 99W (Newberg-Dundee Bypass)** – Realignment of OR 224 at SE 197th Avenue to improve safety for all travelers. MP 11.53-11.69. Nighttime lane closures, with additional daytime work. Completion: 10/2015. Website: [www.clackamashwyprojects.org](http://www.clackamashwyprojects.org).

### OR 99E (SE MCLOUGHLIN BOULEVARD)
