

JTA Project Overview

Project Benefits

- ◆ Reduced congestion in the interchange area.
- ◆ Improved safety.
- ◆ Improved freight mobility.
- ◆ Increased economic development opportunities.

Project Purpose

To increase vehicle capacity and improve facility performance for the most critical movements at the U.S. 26 Brookwood Parkway Interchange. The critical movements are:

- ◆ *Westbound U.S. 26 to southbound Brookwood Parkway*
- ◆ *Northbound Brookwood Parkway to eastbound U.S. 26*

Project Priorities

- ◆ To improve safety and operations in the U.S. 26 Brookwood Parkway Interchange area.
- ◆ To increase interchange capacity to meet the needs for current designated industrial lands in the existing adopted comprehensive plan.
