PUBLIC OUTCRY LETTER TO ODOT – ADVISORY PETITION

PLEASE JOIN US TO SAVE OUR COMMUNITY!

ODOT – The proposed **Fern Valley Interchange (FVI)** alternatives/maps will ***destroy /impact*** 28 Phoenix Businesses and 7 residences. Access to many remaining businesses will be impaired, as it will be difficult to maneuver through town. This will impact the citizens of Phoenix and those who come here to work, shop and visit.

We were ***not*** given all the facts and want to re-visit the entire **FVI** project, as we were left out of the process. We need an interchange for Phoenix – ***NOT a solution for South Medford traffic.***

ODOT – *Please* re-visit the **FVI** process to give the citizens, business owners and property owners a chance to have input in these critical decisions about the Fern Valley Interchange and Highway 99!

ODOT – The proposed **Fern Valley Interchange** (**FVI**) alternatives/maps will ***destroy /impact*** 28 Phoenix Businesses and 7 residences. Access to many remaining businesses will be impaired, as it will be difficult to maneuver through town. This will impact the citizens of Phoenix and those who come here to work, shop and visit.

We were ***not*** given all the facts and want to re-visit the entire **FVI** project, as we were left out of the process. We need an interchange for Phoenix – ***NOT a solution for South Medford traffic.***

ODOT – *Please* re-visit the **FVI** process to give the citizens, business owners and property owners a chance to have input in these critical decisions about the Fern Valley Interchange and Highway 99!

PUBLIC OUTCRY LETTER TO ODOT – ADVISORY PETITION

PLEASE JOIN US TO SAVE OUR COMMUNITY!

ODOT – The proposed **Fern Valley Interchange (FVI)** alternatives/maps will ***destroy /impact*** 28 Phoenix Businesses and 7 residences. Access to many remaining businesses will be impaired, as it will be difficult to maneuver through town. This will impact the citizens of Phoenix and those who come here to work, shop and visit.

We were ***not*** given all the facts and want to re-visit the entire **FVI** project, as we were left out of the process. We need an interchange for Phoenix – ***NOT a solution for South Medford traffic.***

ODOT – *Please* re-visit the **FVI** process to give the citizens, business owners and property owners a chance to have input in these critical decisions about the Fern Valley Interchange and Highway 99!

PUBLIC OUTCRY LETTER TO ODOT – ADVISORY PETITION

PLEASE JOIN US TO SAVE OUR COMMUNITY!

ODOT – The proposed **Fern Valley Interchange (FVI)** alternatives/maps will ***destroy /impact*** 28 Phoenix Businesses and 7 residences. Access to many remaining businesses will be impaired, as it will be difficult to maneuver through town. This will impact the citizens of Phoenix and those who come here to work, shop and visit.

We were ***not*** given all the facts and want to re-visit the entire **FVI** project, as we were left out of the process. We need an interchange for Phoenix – ***NOT a solution for South Medford traffic.***

ODOT – *Please* re-visit the **FVI** process to give the citizens, business owners and property owners a chance to have input in these critical decisions about the Fern Valley Interchange and Highway 99!

PUBLIC OUTCRY LETTER TO ODOT – ADVISORY PETITION

PLEASE JOIN US TO SAVE OUR COMMUNITY!

ODOT – The proposed **Fern Valley Interchange (FVI)** alternatives/maps will ***destroy /impact*** 28 Phoenix Businesses and 7 residences. Access to many remaining businesses will be impaired, as it will be difficult to maneuver through town. This will impact the citizens of Phoenix and those who come here to work, shop and visit.

We were ***not*** given all the facts and want to re-visit the entire **FVI** project, as we were left out of the process. We need an interchange for Phoenix – ***NOT a solution for South Medford traffic.***

ODOT – *Please* re-visit the **FVI** process to give the citizens, business owners and property owners a chance to have input in these critical decisions about the Fern Valley Interchange and Highway 99!

PUBLIC OUTCRY LETTER TO ODOT – ADVISORY PETITION

PLEASE JOIN US TO SAVE OUR COMMUNITY!

ODOT – The proposed **Fern Valley Interchange (FVI)** alternatives/maps will ***destroy /impact*** 28 Phoenix Businesses and 7 residences. Access to many remaining businesses will be impaired, as it will be difficult to maneuver through town. This will impact the citizens of Phoenix and those who come here to work, shop and visit.

We were ***not*** given all the facts and want to re-visit the entire **FVI** project, as we were left out of the process. We need an interchange for Phoenix – ***NOT a solution for South Medford traffic.***

ODOT – *Please* re-visit the **FVI** process to give the citizens, business owners and property owners a chance to have input in these critical decisions about the Fern Valley Interchange and Highway 99!
