

Small Grant Program

Local Watermaster Review of Proposed Irrigation Efficiency Project

Complete Section 1 before submitting to the local Watermaster for completion and signature.

This form may be submitted along with the Small Grant application or with the first payment request. **However, it is advisable to obtain this signature before beginning the project as OWEB will void grant agreements for projects determined by the Watermaster to be inadequate.** Provide a copy of the grant application to the watermaster, when requesting completion of this form.

1. TO BE COMPLETED BY THE GRANTEE PRIOR TO COMPLETION OF SECTION 2

Project Name: _____ Project #: _____

Grantee Name: _____

Identify the groundwater quality management area, *if applicable*: _____
<http://www.deq.state.or.us/wq/groundwater/gwmas.htm>

County

Township, Range, Section

Tax Lot

2. TO BE COMPLETED BY LOCAL WATERMASTER

I have reviewed the application listed in Section 1 above and have determined that the following watershed benefits are associated with this irrigation efficiency project (check whichever applies):

- Point of diversion consolidation,
- Replacement of push up dam(s),
- Measurable reduction in the diversion of surface water at the point of diversion
- Reduction in ground water pumping from wells within one-quarter mile of a stream so that reduced impacts to the stream or springs are likely,
- Other watershed benefits:
