RE: IUOE 701 Request of Revision-Power Equipment Operator-September 2,2015

To Whom This May Concern:

Please accept this letter on behalf of the NW Line Constructors Chapter NECA and the Four Locals 77, 125,483 and 659 IBEW that we are in opposition of the definition change requested by the IUOE 701. Based on past practices and traditional understandings we see conflicts with the definition in 24. Line Constructor and the proposed change to 31.Power Equipment Operator.

NW Line represents Power Line Contractors working in the State of Oregon and the IBEW represents employees working throughout Oregon.

Respectfully,

Tracy L. Harness
