He added that the results of the survey show that the OBD continues to receive positive comments from the majority of those that return the surveys. The booklet containing the written comments that are on the survey forms, which staff has reviewed, are available on the table for Board members to review.

Monday, September 22, 2014 - Teresa Haynes and Mr. Braatz made a License Application Presentation to the graduating Dental Hygiene Students at Carrington College in Portland.

Proposed Cultural Competency Rules by the Oregon Health Authority (OHA)

Mr. Braatz reported that the Board should be aware of the proposed rules being brought forward by the Oregon Health Authority as they will have a fiscal impact on the OBD regarding a reporting requirement to the OHA. The OBD would need to track actual courses taken by licensees – which we only do now by audit. He stated that asking this information of all licensees would have a considerable impact on the Board financially. Mr. Braatz said that he had recently read a copy of testimony submitted by the Executive Director of the Oregon Medical Board to the OHA Rule Advisory Committee. The testimony was suggesting a change to the proposed rule that the requirement for the health boards to track whether the CE courses from the list should be removed from the rule, which would have a financial impact on the OBD.

Dr. Beck moved Dr. Hongo seconded that Patrick Braatz send a letter in the same stance as the Medical Board to the Oregon Health Authority showing concern for the financial impact it would have on the Board. The motion passed with Dr. Beck, Dr. Fine, Dr. Hongo, Ms. Martinez, Dr. Smith, Mr. Tripp and Dr. Underhill voting aye. Mr. Morris was opposed.

Proposed Legislation by OHDA and ODA

Mr. Braatz stated that he had recently sent out draft copies of proposed legislation for the 2015 Legislative Session. He stated that he would like to know what response the Board would like to give to the ODHA and ODA on the proposed legislation as it was presented. He added that he had not received any negative feedback on anything presented at this point.

Jurisprudence Review Group

Mr. Braatz stated that on September 19, 2014 a work group made up of current board members (Dr. Jonna Hongo, Mr. Matt Tripp, RDH and Ms. Mary Davidson, RDH, MPH,) and past board members (Dr. Rodney Nichols, Dr. Jean Martin and Ms. Jill Mason, RDH, MPH) met along with Dr. Kleinstub, Dental Director/Chief Investigator, Teresa Haynes, Licensing Manager, Stephen Prisby, Office Manager and Patrick D. Braatz, Executive Director. The goal was to review the current bank of questions for the OBD Jurisprudence Examination and recommend changes, corrections and deletions in addition to creating new questions that would cover many of the new rule and law changes in addition to issues that the Board sees on a regular basis in complaints. Mr. Braatz stated that the group will review a draft of their work product and then once they have approved it we will implement the new and revised questions into the Jurisprudence Data Bank.

Dr. Beck asked what the ability was to have the test proctored online so we could track statistics for bad questions, responses, etc... Mr. Braatz stated that it is something that is an option, but any changes would have a financial implication to address as well.

AADA and AADB Annual Meetings

Mr. Braatz stated that the American Association of Dental Administrators and the American Association of Dental Boards Meetings that took place October 5 – 9, 2014 in San Antonio, Texas. Maryland is now requiring all dentists to get prescribing and dispensing licenses due to issues licensees were causing. Arizona is having issues regarding executive director turnover and pushing through of applicants without making sure the applicants are qualified for licensing. Due to those issues, all dental board members in Arizona are now required to take 12 hours of continuing education although no one has specified what areas those 12 hours are to be in.

Discussion on Dates for Strategic Planning Session

Mr. Braatz stated that we were still looking to plan a Strategic Planning Session possibly for a weekend following a Board Meeting. This has been difficult to schedule due to the board members' busy and full schedules. Mr. Braatz stated that if it was to be held in conjunction with a board meeting that it looked like the meeting would happen after the first of the year as the next meeting is scheduled in December very close to the holiday season.

Legislative Reporting for EPP Providers

Mr. Braatz stated that included in the Board handouts was a report showing the insurance payments issued for work done by Expanded Permit Providers for the last year. This is a required report for the legislators. The insurance commission collects the data and transmits it to the OBD every two years, which we then send as a report to the legislature.

OTHER BUSINESS

Discussion and Action regarding names of disciplined licensee and OBD Newsletters

Ms. Lindley clarified that the purpose of placing this item on the agenda for this meeting was to allow the public the ability to comment on it since the original vote occurred for this topic in June without being posted to the agenda. It was discussed at the August meeting, but was again not an agenda item. Ms. Lindley stated that something this important needed to be an agenda item to allow the public comment if they want in case the public wanted to present information that may cause the Board to reconsider their previous vote.

Mr. Harvey asked if there was any public comment on the removal of the names from the newsletter. There was no comment from public present and the Board clarified that as it stands the names of those being disciplined will appear in the minutes but not in the newsletter.

EXECUTIVE SESSION: The Board entered into Executive Session pursuant to ORS 192.606 (1)(f), (h) and (k); ORS 676.165; ORS 676.175 (1), and ORS 679.320 to review records exempt from public disclosure, to review confidential investigatory materials and investigatory information, and to consult with counsel.
