1. SCOPE OF REPORT

The Board of Dentistry is charged with the regulation of the practice of dentistry and dental hygiene by setting standards for entry to practice, examination of applicants, issuance and renewal of licenses, and enforcing the standards of practice. The Board also is required by law to establish standards for the administration of anesthesia in dental offices. The Board determines dental procedures that may be delegated to dental assistants and establishes standards for training and certification of dental assistants. As of August 1, 2009, there were 3,668 dentists, and 3,680 dental hygienists holding Oregon licenses. The Board operates in an atmosphere of constant change, rapidly developing technology, changing treatment modalities, demographic and geographic disparities in access to dental care, growing public demand for a greater diversity of provider groups, and constantly

shifting societal norms and values. Agency operations are supported solely from license application, renewal, exam and permit fees, plus revenues generated from fines imposed for late renewals, civil penalties assessed, and miscellaneous receipts from the sale of mailing lists and copies of public records. The Board is composed of ten members appointed by the Governor and confirmed by the Senate for four-year terms. There are six dentists, one of whom must be a dental specialist, two dental hygienists and two public members. 7.0 FTE staff that carry out the day-to-day functions of the agency. In addition, the Board contracts with numerous dental professionals to provide expertise in specific dental specialty areas. Primary program activities are Licensing and Examination, Enforcement and Monitoring, and Administration.

2. THE OREGON CONTEXT

The Oregon Board of Dentistry has no Primary Links to the Oregon Benchmarks; however, Board activities support the following benchmarks as secondary links. #29 Skills Training: Percentage of Oregonians in the labor force who received at least 20 hours of skills training in the past year. #30 Volunteerism: Percentage of Oregonians who volunteer at least 50 hours of their time per year to civic, community or nonprofit activities. #44 Adult Non-smokers: Percentage of Oregonians, 18 and older who smoke cigarettes. #52 Substance Use During Pregnancy: Percentage of pregnant women who abstain from using: a. alcohol; b. tobacco. #50 Child Abuse or Neglect: Number of children, per 1,000 persons under 18, who are: a. neglected/abused; b. at a substantial risk of being neglected/abused.

4. CHALLENGES

As with all state agencies, those that are funded by Other Funds continue to be challenged by adhering to all revenue and expenditure guidelines outlined by the Governor and the Legislature, although no direct taxpayer dollars fund the Oregon Board of Dentistry.

5. RESOURCES AND EFFICIENCY

The Oregon Board of Dentistry 2009-2011 Legislatively Adopted Revenue Budget is \$1,956,600 and the Expenditure Budget is \$2,182,624

KPM #1	Continuing Education Compliance - Percent of Licensees in compliance with continuing education requirements.	2001
Goal	Public Protection - Protect the public by assuring that all licensees are competent to practice safely and ethically.	
Oregon Context	The Oregon Board of Dentistry has no primary links to the Oregon Benchmarks.	
Data Source	Agency records from continuing education audit logs.	
Owner	Oregon Board of Dentistry, Patrick D. Braatz, Executive Director (971) 673-3200	

1. OUR STRATEGY

The Board's strategy is that Licensees should keep current on practice issues. One way to do this is to take continuing education courses on a biennial basis. To determine if the licensees are in compliance is to audit approximately 15% of all licensees to establish a baseline.

2. ABOUT THE TARGETS

A target of 100% compliance seems to be an appropriate level for all licenses.

3. HOW WE ARE DOING

The profession is complying with the requirements to complete continuing education as a prerequisite to renewing their license.

4. HOW WE COMPARE

There are no outside comparisons of similar jurisdictions to use.

5. FACTORS AFFECTING RESULTS

There are no specific factors affecting the results

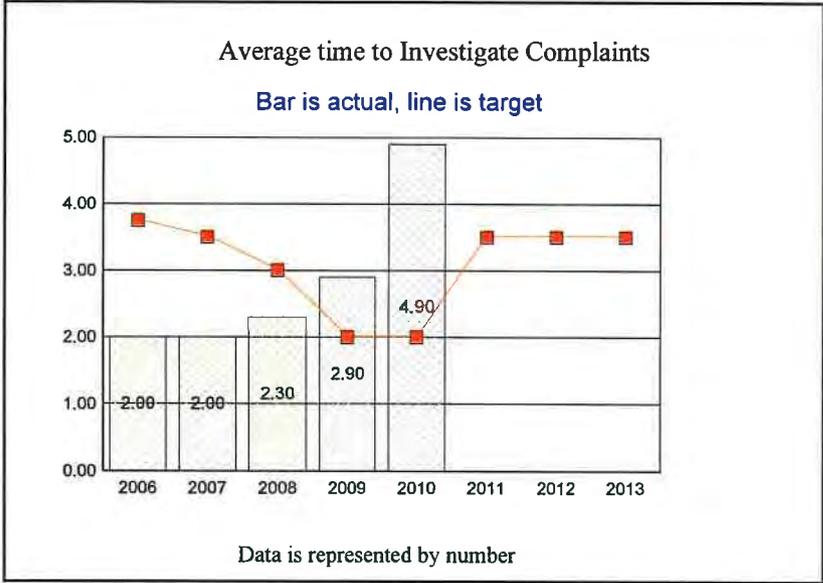

6. WHAT NEEDS TO BE DONE

Nothing needs to be done at this time.

7. ABOUT THE DATA

The reporting cycle is the Oregon fiscal year. The Board audits 15% of all licensees that are eligible for renewal, based on those that are audited and renew. We compare the Continuing Education Log that they are required to submit to see if they have met the requirements of the Law and Administrative Rules; if they are not in compliance, they are turned over for investigation of a possible violation of the Oregon Dental Practice Act.

KPM #2	Time to Investigate Complaints - Average time from receipt of new complaints to completed investigation.	2000
Goal	Public Protection - Protect the public by assuring that all licensees are competent to practice safely and ethically.	
Oregon Context	The Oregon Board of Dentistry has no primary links to the Oregon Benchmarks.	
Data Source	Database - investigative files.	
Owner	Oregon Board of Dentistry, Patrick D. Braatz, Executive Director, (971) 673-3200	

1. OUR STRATEGY

The Boards strategy is that the investigation of complaints should take place in a timely fashion. By establishing the average time from the receipt of a new complaint until the investigation is completed is a way of measuring the timeliness of the Boards workload.

2. ABOUT THE TARGETS

The targets provide for a realistic time frame to complete investigations based on the complexity of the issues and the staff available to conduct the investigation. The targets appear to be reasonable and in the past have shown a gradual decline in the number of average months to complete an investigation since this Performance Measure was established, until 2010.

3. HOW WE ARE DOING

The Board has seen a significant increase in the number of complaints and the complexity of the complaints during the current economic downturn, these complaints are requiring a full investigation and the end result is that they are monetary in nature and thus not truly within the jurisdiction of the Board.

4. HOW WE COMPARE

There are no outside comparisons of similar jurisdictions to use.

5. FACTORS AFFECTING RESULTS

The current economic downturn and the loss of a consultant investigator for over 6 months have caused the time to complete investigations to rise.

6. WHAT NEEDS TO BE DONE

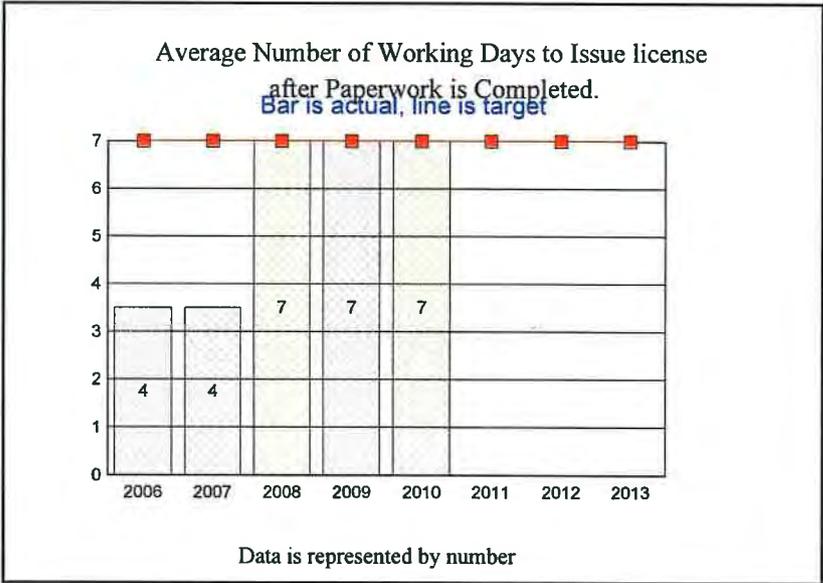

The enforcement staff is working at an increased pace to try to eliminate the time it takes to investigate complaints.

7. ABOUT THE DATA

The reporting cycle is the Oregon fiscal year, and is generated from the computerized database that is used to track all complaints.
