Flexible solutions for your business needs.

Diversity Job Networking Live Resume Events

Live Resume events bring together job seekers and employers for an innovative non-traditional networking opportunity.

Job seekers share their experience and job skills with a 3-5 minute presentation for employers.

Employers share what opportunities they have available and other ways to get involved with their organization.

Networking follows with coffee and a light breakfast. Most events are scheduled during the morning hours before business begins.

The event is ideal for Employers to meet job-ready individuals.

Employers interested in attending or seeking additional information, please contact Selaina Miller at 1-877-477-1701 or at beyondthelabel@state.or.us
