**Topic:** Ensuring Quality Care (EQC) Curriculum and Other Resources

**Provider:**  APD (Older Adults and Adults with Physical Disabilities)  
 DD (Developmental Disabilities)

---

The Ensuring Quality Care (EQC) curriculum that was updated last summer is now available online. The direct web address for these materials is: <http://www.oregon.gov/dhs/apd-dd-training/Pages/eqc-manual.aspx>. You can also access this information through the APD Adult Foster Home Provider Tools page: <http://www.oregon.gov/dhs/spd/pages/provtools/afh-apd/index.aspx>. Click on **EQC Student Materials and Resources** located under the **AFH Training & Education** heading on the right side of this page.

When you open the EQC Student Materials and Resources page you will find a virtual library containing the following information:

Column 1: Topics

Column 2: Identifies the relevant EQC section (or chapter)

Column 3: The date the material was posted online

Column 4: May offer explanatory information

Search features are enabled so that you may search for information by the contents of anything within the first three columns. The list that displays on your monitor includes only a small portion of the hyperlink resources available to you. To scroll through the list of entries, click on the arrow located on the bottom right portion of the Notes column to advance.

Directly beneath the boxed list of topics you will find pictures of the first page for each EQC section/chapter. If you click on one of the pictures, the entire EQC chapter will open on your monitor. We hope you will find these resources useful and will refer to them often. Your feedback about this new web resource is welcome at [SPD.AFHTeam@state.or.us](mailto:SPD.AFHTeam@state.or.us).
