RE: 2016 Nursing Facility License Renewal

Dear Administrator,

Nursing Facility license renewal requires submission of application materials, license fee and findings of substantial compliance following on-site inspection, [[ORS 441.022](#) & [441.025\(2\)](#)]. Please see this link to the relevant [Administrator Alert](#).

Beginning with 2014 license renewal, the Department transitioned from a calendar year licensing cycle to a license term that begins with facility achievement of substantial compliance with on-site survey and inspection. Upon the Department's receipt of application materials, the license renewal fee and survey findings of substantial compliance, the 2016 license will be issued.

Please note: The existing Nursing Facility license remains valid past the effective date unless the Department implements non-renewal actions, [[ORS 441.030](#), [OAR 411-089](#)].

Please post a copy of this letter with the facility license.

Please contact the DHS Office of Licensing and Regulatory Oversight, Nursing Facility Licensing unit if any questions.

Marcia Thompson, (503) 373-2185, Marcia.Thompson@state.or.us
