	<p>goal is to be able to report on this grant experience by the beginning of 2013. It is up to the county to continue funding or find other funding resources to continue providing the services that were funded for by the Second Chance Act Grant.</p> <p>Kevin Cameron –</p> <p>Kevin attended Marion County's Re-entry meeting. Some of their concerns include: retired doctor's liability with free clinics. Many doctor's do not volunteer because the liability protection is unclear. Ways to overcome this barrier are in progress.</p> <p>Cindy Booth explained that there were also concerns regarding the budget note for inmates participating in work release thru the county. The county has been waiting for the dollars and DOC has not yet released the funding. DOJ found problematic language in the budget note regarding work release and the department's authority to grant work release authority to the counties. An agreement was reached to remove the work release language from the budget note and to let DOC design the process with each of the 4 counties selected. All agree this was not the intent of the budget note. Senator Winters is aware of the issue. Rep Cameron stated he would submit a bill that addresses this issue.</p> <p>Action: OMR will provide information to Representative Kevin Cameron on Work Release Statute for legislative action.</p> <p>Val Conley -</p> <p>Attended a Multnomah County meeting, the Association of Oregon Counties will be forming veteran advisory groups. Counties are encouraged to develop a team for their group.</p> <p>Community Covenant – Communities will sign on to become local partners. Re-entry is a part of this initiative and we will be seeing some changes in support for re-entry.</p>
