

OREGON DEPARTMENT OF CORRECTIONS
Operations Division
Health Services Section Policy and Procedure #P-D-02.3

SUBJECT: MEDICATION DISTRIBUTION SYSTEM

POLICY: The medication distribution system is a inmate/patient specific packaging system. Medication will be distributed from a licensed pharmacy system on a regular basis.

REFERENCE: NCCHC Standard P-D-02

PROCEDURE:

- A. There will be inmate/patient specific packaging generated per provider or protocol order.
- B. Medication packaging and labeling will comply with all state pharmacy regulations.
- C. Medication Starter Dose Cards and Stock Medication Cards blister packaging, as detailed in P-D 02.2, will be available at institutions to decrease time to treatment by rapid distribution of ordered medication.
- D. The inmate/patient will be notified per institution specific process when the inmate/patient's medications are available for pick up.
