Visitor Eligibility: To visit an inmate, the visitor must first be on that inmate's approved visiting list for privileged visiting (basic visiting is not offered at SCCI unless specifically approved in advance). If a visitor has already been approved at one institution for privileged visiting, they need not gain further approval when the inmate is transferred to SCCI, unless a specific request is made from the institution. All requests for additions to an inmate's visiting list must be approved by the inmate. The inmate will notify you when you have been placed on his approved visiting list. You must wait for this notification from the inmate prior to a visit, since the clearance process may take up to 30 days from when the application is submitted.

In order for you to be approved for visiting, if you have not been approved in the past, the inmate will need to obtain the following information from you in order to complete the application:

- Your full name
- Information about your criminal history
- Address
- Birth date
- Age
- Relationship to the inmate
- Names of other inmates you visit or have visited in the past
- Whether or not you are victim of the inmate's crime

You may also submit an application directly to the Inmate Services Unit for processing. Visiting Applications can be downloaded at DOC's website: http://www.oregon.gov/DOC/OPS/pages/visiting_inmates_in_prison.aspx

Clothing: A good rule to follow is to wear conservative, conventional clothing, something that is not suggestive, tight, or skimpy. You may not wear any clothing item of blue denim or yellow coats/raingear. Some or all of these restrictions may or may not apply at other Oregon institutions depending on the clothing inmates wear at other institutions. Please also note the following clothing requirements:

- Visitors shall wear conventional clothing in a manner which is not unduly suggestive or tight-fitting, which is not similar to inmate attire, which is not blue denim, and which doesn't pose a threat to the safety, security, health and good order of the facility, and/or the safety and security of other inmates, staff, visitors, contractors or the community. Children under five years of age or under three feet tall may wear blue denim.
- Dresses, skirts, jumpers, culottes, and shorts shall not be worn more than two inches above the middle of the kneecap. Slit dresses/skirts shall be permitted only if the slit is not more than two inches above the middle of the kneecap. Wrap-around skirts are not permitted.
- Crop tops, halter dresses, halter tops, tube tops, and dresses or tops with plunging/low-cut necklines are prohibited.
- See-through clothing, including sheer fabrics and loose weave, is prohibited. Clothing that exposes an undue amount of flesh (e.g., exposing chest, back, thighs, or midsection) is prohibited.
- Visitors are required to wear undergarments.
- Hats are prohibited within the main visiting room. Accommodations will be made on a case-by-case basis for religious headgear consistent with established security practices.
- Umbrellas, outer garments such as raincoats, ski jackets, and other garments which protect against rain and other inclement weather are prohibited within the main visiting room.
- Footwear must be worn.
- Camouflage dress uniform/clothing is prohibited.
- Clothing, hairstyles, insignias or other paraphernalia associated with security threat groups or that create undue attention or conflict are prohibited.

Number of Visitors: An inmate may have a total of four visitors at one time, including children age 3 and over. Children under 3 years of age are not counted towards the total visitors allowed. Those with minor children exceeding these limitations may appeal to the Superintendent through the inmate's counselor for exception in advance of the visiting session.

In order to prepare for the visiting session to end, the kiosk will be closed 15 minutes prior to visiting ending
- Vending Machines: Up to \$15.00 in change or one-dollar bills may be brought into the visiting area to make purchases from the vending machines. Visitors may share vending machine purchases with the inmate they are visiting; however, the inmate will not be allowed to take any vending machine purchases with him following the visit.

Visitors shall control children and remove them from the visiting area if such action becomes necessary to avoid disturbing other visitors.
- Neither the visitor nor the inmate is allowed to become involved in any other visit than their own.
- Shutter Creek Correctional Institution is a non-smoking, non-tobacco facility, therefore, no smoking or tobacco use is allowed on the facility grounds by visitors, including before, during, and after visiting sessions.
- Restrooms are available for visitors. Inmates shall not escort visitors to the restrooms. Please check in and out with the visiting room officer upon going to and from the restroom. All minor children must be escorted by an adult during restroom breaks.

- Visitors are not allowed in any area other than the visiting room and the visitor restroom area. Do not loiter or go anywhere else on the facility grounds.

Photos: Visitors are allowed to have their pictures taken with the inmate they are visiting. Picture credits may be purchased by the inmate in advance or can be purchased by the visitor from the vending machine. Personal cameras are not allowed at SCCI.

Termination of Visits: SCCI staff may disallow or terminate a visit at any time due to space limitations or as deemed necessary to maintain the safety, security, health and good order of the facility, or the safety and security of other inmates, staff, visitors, contractors or the community.

(a) Factors to be considered before a visit is terminated due to space limitations will be the distance visitors travel, frequency of visits, and time of arrival.

(b) Visiting room staff will maintain a log of visits terminated due to space limitations to avoid having an inmate's visits terminated consecutively.

Staff will monitor your visits. Staff may deny or terminate visits when they have reason to believe that the visit might jeopardize the safety and security of the facility. It is important that you comply with all rules and instructions from staff. If there are any questions associated with your visit, please speak with the visiting room officer.

Once you have been warned of a visiting policy violation, it will be documented on our visiting computer log. We will terminate your visit if inappropriate behavior continues. Permanent removal from the inmate's visiting list and/or criminal charges may also result from misconduct or any violation of the visiting rules.

This document is intended to be a synopsis of the most common visiting questions and rule requirements. A complete copy of the DOC Visiting Rule may be found at the following website:
