*"Wharf" or "Wharves" as defined in ORS 780.040 ... means a structure constructed or maintained by the owner of any land lying upon any navigable stream or other like water, and within the corporate limits of any incorporated town or within the boundaries of any port, that extends into the navigable stream or other like water beyond the low-water mark so far as may be necessary for the use and accommodation of any ships, boats or vessels engaged exclusively in the receipt and discharge of goods or merchandise or in the performance of governmental functions upon the navigable stream or other like water. A "wharf" does not include new lands created upon submersible or submerged lands by artificial fill or deposit.

† For a description of the rules that apply to Wharf Certification: Division 82 "RULES GOVERNING THE MANAGEMENT OF, AND ISSUING OF LEASES, LICENSES AND REGISTRATIONS FOR STRUCTURES ON, AND USES OF STATE-OWNED SUBMERGED AND SUBMERSIBLE LAND" 141-082-0270. http://www.oregon.gov/dsl/docs/DIV_82_Final_Rules_for_Web_Posting.pdf

2 - WHARF LOCATION

Street, Road or other descriptive location		Legal Description	Township	Range	Section	Quarter
Within City Limits	County	Tax Map #	Tax Lot #

* Government Functions, as defined in DSL rules are, "activities federal, state or local government agencies are assigned to perform to protect the health and safety of the public they serve. A ship, boat or vessel exclusively engaged in helping to maintain public health and safety is said to be performing a government function. Examples of ships, boats or vessels ... are those of the United States Navy, United States Coast Guard, United States Army Corps of Engineers, and various fire, police and sheriff's departments."
