

Department of State Lands

NOMINATION FORM — Stream Awards

Nominations are limited to five pages of text explaining how the nominee meets the criteria below, and five pages of other supporting information such as photos and maps.

Project name:

Project location:

DSL permit number:

Project completion date:

Nominated by:

Phone number:

E-mail:

Project owner, if different:

Additional contact information, if applicable (consulting firm, etc.):

Generally describe the project, following the nominating criteria, below:

Nominating criteria:

1. Provide information to verify that the project meets or exceeds all permit conditions.
2. Outline the project's benefit to natural resources—how much habitat is restored/enhanced, restoration of groundwater storage, etc. Provide information about other benefits, such as to the landowner, watershed, economy or community.
3. Describe innovative concepts or creative use of materials.
4. Include information about community involvement or partnerships for the project. Provide information that demonstrates sustainable stewardship of natural resources over the long term.
5. Indicate how the project avoided or minimized negative impacts to the stream.

Applications due February 27, 2017
