

OREGON  
DEPARTMENT OF  
ENERGY

## State Energy Efficient Design (SEED) Program

### Guidelines for Oregon Administrative Rules Chapter 330, Division 130

*Last Revised:*  
January 2006

# Table of Contents

## Section 1 - State Energy Efficiency Design Program

- I. Introduction
- II. Program Participants
- III. Building Classes
- IV. Notification
- V. Submittals
- VI. Waiver
- VII. Expanded Services

## Section 2 – Class 1 Buildings

- I. Pre-Design or Programming Phase
- II. Schematic Design Phase
- III. Design Development Phase
- IV. Construction Document Phase
- V. Construction Phase
- VI. Occupancy Phase

## Section 3 – Class 2 Buildings

- I. Procedures
- II. Schedule of Agency Submittals

Appendices – *see next page*

# Appendices

Appendix A – Oregon Administrative Statute 276.900-276.915

Appendix B – Oregon Administrative Rules 330-130

Appendix C – Energy Analyst Qualifications

Appendix D – Model Language for Request for Proposal

Appendix E – Energy Systems Performance Verification Plan

Appendix F – Metering Plan

Appendix G –Class 1 Buildings, Blank Forms

- Project Notification Form
- Project Contact Form
- Energy Analyst Qualifications Form
- Early Programming and Design Intent checklist
- Early Planning Session Design Criteria
- Scoping Process Information checklist
- ECM checklist
- Preliminary Energy Analysis checklist
- Cost Effective Analysis worksheets
- Final Energy Analysis checklist
- Appendices of the Energy Analysis Report checklist

Appendix H – Class 1 Buildings, Energy Analysis Report Format

Appendix I – Class 1 Buildings, Energy Analysis Requirements

Appendix J – Cost Effectiveness Analysis

Appendix K –Class 2 Buildings, Blank Forms

- Project Notification Form
- Minimum ECM Guidelines checklist
- ECM Installation form

Appendix L –Building Modeling Guidelines
