

## Juvenile Court Improvement Program Data

Provided for the Task Force on Legal Representation in Childhood Dependency

This document contains 2011-2015 data from three of the Juvenile Court Improvement Program's (JCIP) statistical reports:

- Dependency Event Statistics, which shows the number of dependency petitions filed in a given year, and the number and average duration (in minutes) of various types of dependency hearings held in that year
- Time to Jurisdiction, which shows the percentage of dependency petitions with a jurisdiction finding within 60 days.
- Time to TPR, which shows the percentage of termination of parental rights (TPR) petitions that were adjudicated or dismissed within 182 days.

In order to account for the time needed to adjudicate dependency and TPR cases, each year's Time to Jurisdiction report covers cases that were filed in the twelve months starting October 1 of the prior year, and each year's time to TPR report covers cases that were filed in the twelve months starting July 1 of the prior year.

An important factor in the availability and quality of the data below is the Oregon Judicial Department's four-year transition from the Oregon Judicial Information Network (OJIN) to the eCourt case information system (known as Odyssey). Because the two systems do not share a common database or data warehouse, courts on OJIN and those on Odyssey are covered in separate reports.

Differences in the two data systems mean that data on timeliness measures are not available for cases filed in the months prior to a court's transition from OJIN to Odyssey. For that reason, courts that transitioned onto Odyssey in a given year are omitted from that year's OJIN Time to Jurisdiction and Time to TPR reports, and have only partial data included on the Odyssey Time to Jurisdiction and Time to TPR reports. The Odyssey implementation date for each court is listed in Appendix A.

The transition to Odyssey has also had an impact of the quality of JCIP's data on juvenile hearings. For this reason, JCIP's Odyssey Dependency Event Statistics report remains in draft form. While the dependency petition numbers are accurate, and the average durations for the Shelter, Pre-Trial, Disposition, Permanency, and Review Hearings can be taken as reasonable approximations of the average minutes that such hearings take in each court, the numbers of hearings in the Odyssey Dependency Event Statistics report should not be relied upon.

\*Partial data due to Odyssey implementation.

Note: Due to Odyssey implementations in 2014 and 2015, the statewide Time to Jurisdiction and Time to TPR totals contain partial data and are not directly comparable.

Blank boxes indicate either that data were not available to due Odyssey implementation, or that the court did not have any cases for that time period. For some or all of the cases not meeting the Time to Jurisdiction or Time to TPR timelines the court may have found that there was good cause to continue the case beyond the statutory timeline.

Note: This table covers only events entered in the eCourt case management system, also known as Odyssey. It includes only partial data for Coos, Curry, Deschutes, Gilliam, Hood River, Klamath, Lake, Lane, Lincoln, Sherman, and Wheeler County Circuit Courts.

Due to inconsistencies in data entry for juvenile hearings, only the petition numbers on the table above should be considered accurate statistics. The primary issues with the hearing data are that 1) data entry practices in some courts are leading some hearings not to appear on this report, or causing hearings involving multiple children to be counted multiple times, and 2) courts are not consistently categorizing uncontested hearings as Jurisdiction Hearings and contested hearings at Trials.

The average durations for the Shelter, Pre-Trial, Disposition, Permanency, and Review Hearings can be taken as reasonable approximations of the average minutes that such hearings take in each court, but the numbers of hearings should not be relied upon.

## Time to First Jurisdiction Finding

Oregon Judicial Department  
 Juvenile Court Improvement Program  
 Summary Report for Dependency Petitions Filed between  
 10/1/2014 and 6/30/2015

This report contains information only on petitions that were filed between the dates above in courts that had already implemented Oregon's eCourt case management system.

The report counts cases as having a jurisdiction finding even if the finding applies to only one parent. This way of counting time to jurisdiction is comparable to that used in Report 10a - Time to Jurisdiction Report, which measures time to jurisdiction for cases filed in OJIN.

**Time to Termination of Parental Rights (TPR)**

For TPR Petitions Filed Between 7/1/2014 and 3/31/2015

This measure shows the timeliness of termination of parental rights (TPR) proceedings for TPR petitions filed within the reporting period. Time to TPR is calculated from the file date of the TPR petition to the date the petition was resolved (or would be resolved if not appealed) by a judgment of termination, denial, or dismissal. The target for TPR proceedings is a judgment within 6 months (182 days) of the filing of the TPR petition.

## Juvenile Odyssey Time to TPR

For TPR Petitions Filed between  
7/1/2014 to 3/31/2015  
Oregon Judicial Department  
Juvenile Court Improvement Program

This report shows information on termination of parental rights cases filed between the dates above in courts that had already implemented the Odyssey case management system. For the purposes of this report, each parent-child relationship on which a TPR petition is filed represents a separate case.

Because the report looks at cases that were filed six months prior to the most recent quarter, courts will not appear on this report until at least six months after their Odyssey implementation date.

Note: This table covers only events entered in the eCourt case management system, also known as Odyssey. It does not include data for Baker, Clackamas, Coos, Curry, Deschutes, Gilliam, Grant, Harney, Hood River, Malheur, Morrow, Klamath, Lake, Lane, Lincoln, Sherman, Umatilla, Union, Wallowa, Washington, and Wheeler Circuit Courts. It includes only partial data for Benton, Douglas, Josephine, Marion, Multnomah, and Polk County Circuit Courts.

Due to inconsistencies in data entry for juvenile hearings, only the petition numbers on the table above should be considered accurate statistics. The primary issues with the hearing data are that 1) data entry practices in some courts are leading some hearings not to appear on this report, or causing hearings involving multiple children to be counted multiple times, and 2) courts are not consistently categorizing uncontested hearings as Jurisdiction Hearings and contested hearings as Trials.

The average durations for the Shelter, Pre-Trial, Disposition, Permanency, and Review Hearings can be taken as reasonable approximations of the average minutes that such hearings take in each court, but the numbers of hearings should not be relied upon.

\*Statistics for Benton and Polk County Circuit Courts include only petitions filed and hearings held after January 8, 2014.

\*\*Statistics for Douglas, Josephine, and Marion County Circuit Courts include only petitions filed and hearings held after December 2, 2014.

\*\*\*Statistics for Multnomah County Circuit Courts include only petitions filed and hearings held after May 5, 2014.

**Time to Termination of Parental Rights (TPR)**

For TPR Petitions Filed Between 7/1/2013 and 6/30/2014

This measure shows the timeliness of termination of parental rights (TPR) proceedings for TPR petitions filed within the reporting period. Time to TPR is calculated from the file date of the TPR petition to the date the petition was resolved (or would be resolved if not appealed) by a judgment of termination, denial, or dismissal. The target for TPR proceedings is a judgment within 6 months (182 days) of the filing of the TPR petition.

This report shows information on termination of parental rights cases filed between the dates above in courts that had already implemented the Odyssey case management system. For the purposes of this report, each parent-child relationship on which a TPR petition is filed represents a separate case.

Because the report looks at cases that were filed six months prior to the most recent quarter, courts will not appear on this report until at least six months after their Odyssey implementation date.

**Time to Termination of Parental Rights (TPR)**

For TPR Petitions Filed Between 7/1/2010 and 6/30/2011

This measure shows the timeliness of termination of parental rights (TPR) proceedings for TPR petitions filed within the reporting period. Time to TPR is calculated from the file date of the TPR petition to the date the petition was resolved (or would be resolved if not appealed) by a judgment of termination, denial, or dismissal. The target for TPR proceedings is a judgment within 6 months (182 days) of the filing of the TPR petition.
