**You can get health coverage
Enroll today for coverage to start January 1, 2014**

We are writing with important news. Under new guidelines, you qualify for “fast-track” enrollment in the Oregon Health Plan. This is because you receive benefits through the Supplemental Nutrition Assistance Program (SNAP) and meet income qualifications.

To enroll, simply return the enclosed form or call us. You could qualify even if you have been told no in the past. This is because new rules have opened the Oregon Health Plan to more people starting January 1, 2014.

The Oregon Health Plan **provides health coverage with no monthly cost (or premiums)**. It covers services such as regular check-ups, prescriptions, mental health care, addiction treatment and dental care. There is no waiting list. No one can be turned away because they have a pre-existing health condition.

Here’s how to enroll:

- **Fill out and mail us the attached form.** Return it in the enclosed envelope.
- **Or, call 1-800-699-9075 or 711 (TTY).** When you call, tell customer service you got this letter. We will ask you for your case number. Your case number is printed at the top of this letter.

The faster you enroll, the faster we can send you more information.

Once coverage begins in January, you will be a member of a local health plan called a “coordinated care organization” (CCO). Some areas of the state have more than one CCO. Enclosed in this package is information so you can choose a CCO if more than one is available. We will do our best to honor your choice.

If you have any questions at all, please don’t hesitate to call us. You can also learn more about the Oregon Health Plan at www.ohp.oregon.gov.

Sincerely,

A handwritten signature in black ink that reads "Judy Mohr Peterson".

Choosing a coordinated care organization (CCO)

If you have a doctor or provider, talk to them first. If you have a doctor or primary care provider now, you may want to talk to them to find out which CCO he or she works with.

If your county has only one CCO, you will be enrolled automatically in that CCO. Most counties have one coordinated care organization but some counties have more than one CCO.

Below is the list of counties with more than one CCO. Please choose one CCO.
