
Eastern Oregon Coordinated Care Organization

Eastern Oregon Healthy Living Alliance

- Formed in August 2014 as an independent non-profit
- Supports Regional Community Health Improvement Plan, with priority areas of:
 - Early Childhood Mental Health
 - Mental Health
 - Community Health Workers
 - Oral Health
 - Public Health Integration
 - Local Community Advisory Council Skill Development
- Supported by Executive Director, with representation from all 12 counties in the CCO

Eastern Oregon CCO

Community Health Worker Support

- Funded multiple local projects with transformation funds that incorporated community health workers
- Supported transformation projects through a learning collaborative focused on community health work, integrated care, and patient navigation
- Program successes led to CCO using state metrics/quality pool dollars to support program per a fee-for-service basis starting July 2015

Malheur CAC Adolescent Health Access (AHA) Community Health Worker Program

- High school-based program serves students 14-20 with two or more health-related needs using embedded community health workers
 - Culturally competent interventions on individual, group and community levels
 - One-on-one assistance to access health and social services
 - Program has impacted rates of:
 - Adolescent Well Care Visits
 - Dental screening, examination and follow-up
 - Outpatient mental health and substance abuse care access
 - Enrollment in health care
 - Replicable, scalable model for care coordination in schools, expanding to five traditional and non-traditional high schools in 2016
