## **MOTS: 3 Things You Need To Know!**

### **1. MOTS Registration is Open**

MOTS, the new system replacing CPMS, has been ready for a while for providers to begin the registration process and set themselves up in the new system. To assist you through this process, there is a recorded webinar on the COMPASS web page at:

<http://www.oregon.gov/OHA/amh/pages/compass/index.aspx>.

Also review the web page on how to determine who should be a system administrator for your organization, and review the system admin user guide which will assist you through the process. Other valuable information like how to activate your Agency and Facility(s) and requesting your Data Submission Method can be found in the guide.

### **2. More Client Entry Data Collection System Trainings in February and March**

Recently a special mailing was sent with a flyer/registration form with our second round of Client Entry classroom trainings offered around the state. Client Entry trainings will be computer-based classroom train the Trainer structure.

COMPASS staff will provide an overview of the system and give hands on training for up to two persons from each organization.

These two individuals will then be responsible to train other staff back at your agency or facility. Review the flyer (or look at the back of this Messenger) and sign up right away, as class space is limited.

### **3. EDI Data Submission Method**

For providers that will be submitting their data to MOTS using the EDI data submission method, or submitting a data file from your own EHR (Electronic Health Record) system, the COMPASS Project team is accepting test files. Emails and articles within the Messenger will continue to keep you posted on our progress.

*NEED THIS IN AN ALTERNATE FORMAT? PLEASE CALL 503-945-5763.*

## MOTS Client Entry Training:

*Hands On Training –  
February & March  
2014*

The trainings last three and a half hours, beginning at 8:30 am or 1:30 pm. This is a train the

trainer approach to training. Please send only one or two individuals from your agency. The training will focus on the behavioral health data submission method of Client Entry.

After attending this training you will be able to submit the Measures and Outcomes Tracking System (MOTS) data using the Web-based Client Entry tool.

**Note:** Since this is a hands-on computer training, space is limited.

**Please sign up  
Today.**

## MOTS Client Entry Statewide Training:

**4 hours of Continuing Education Units will be offered!**

(Approved by Addiction Counselor Certification Board of Oregon)
