About the Oregon Health Insurance Survey: This fact sheet is part of a series exploring health insurance coverage in Oregon using information gathered through the 2013 Oregon Health Insurance Survey (OHIS). The 2013 OHIS provides detailed information on the health coverage, access, and utilization of Oregon’s residents. Over 9,000 households completed the survey during the first five months of 2013. For more information on OHIS, visit the Health Insurance Coverage webpage at: http://www.oregon.gov/oha/OHPR/RSCH/Pages/Insurance_Data.aspx.

The **Oregon Health Authority’s Office of Health Analytics** collects and analyzes data to inform policy development, program implementation, and system evaluation. The Office of Health Analytics supports OHA efforts to further the triple aim goals of improving health, improving health care quality & reducing costs by leveraging qualitative & quantitative data to monitor progress and identify future policy and program opportunities.
