Vaccines for Children (VFC) providers

**From:** Don Ross, Manager  
Medicaid Policy and Planning Section, DMAP

**Subject:** Fee-for-service professional claim reprocessing scheduled for June 27, 2015

The weekend of June 27, 2015, the Division of Medical Assistance Programs (DMAP) will reprocess close to 31,400 claims paid from **July 1, 2013**, through **September 30, 2013**.

Only claims with 2013 service dates will be reprocessed during this activity. Because of the large number of claims being reprocessed, delivery of the paper remittance advice (RA) may be delayed.

### Why is this happening?

We are reprocessing these claims to apply the 2013 rates for [federal primary care](#) and [VFC](#) codes.

### What should you do?

No action is required on your part.

### What you will see on the paper RA

The Claim Adjustments section will list the affected claims by original Internal Claim Number (ICN). Each ICN will have an adjustment ICN (beginning with "52") to indicate reprocessing.

The "Detail EOBs" will list Explanation of Benefits (EOB) code 4300: *View 'Fee-for-service professional claim reprocessing scheduled for June 27, 2015' at <http://www.oregon.gov/oha/healthplan/Pages/announcements.aspx>.*

### What you will see on the electronic remittance advice or Provider Web Portal

Both the ERA and Provider Web Portal will list the reason for the reprocessing using *Adjustment Reason Code 129: Prior processing information appears incorrect*.
