
Information about Hospital Presumptive Eligibility (HPE) for OHP Pharmacies

As permitted by the Affordable Care Act, hospitals statewide are now approving individuals for temporary OHP Plus coverage through the Hospital Presumptive Eligibility (HPE) process.

Approved individuals are immediately issued an *Approval Notice for Hospital Presumptive (Temporary) Eligibility for Medical Coverage* (OHP 3263A) that confirms they are eligible for temporary, fee-for-service (FFS) coverage. Once this approval is issued:

- It will cover payment for medical services and prescriptions for at least thirty (30) days.
- OHP coverage is effective immediately and can be verified in the DMAP (FFS) Point of Sale system within 5-7 days.

DMAP will provide payment as follows:

DMAP will guarantee payment for covered prescriptions for individuals who present the *Approval Notice for Hospital Presumptive (Temporary) Eligibility for Medical Coverage* (OHP 3263A) as proof of eligibility, but who are not yet in our point of sale system.

- Please accept the *Approval Notice* as proof of OHP eligibility.
- Please call the Oregon Pharmacy Call Center at 1-888-202-2126. The Call Center staff will assist with reimbursement and troubleshooting.
- At a minimum, please dispense a 96-hour supply and wait to bill DMAP. This should be possible within 5-7 days. To facilitate billing, an Oregon Pharmacy Call Center technician can monitor eligibility and notify you when the client is entered in the system.
- Please retain a copy of the member's *Approval Notice* as proof of eligibility.

The Approval Notice includes the individual's full name and date of birth (DOB). You can check the Provider Web Portal at <https://www.or-medicaid.gov> by Last Name, First Name and DOB to see if an individual has been issued an Oregon Medicaid ID number.
