

2011 fee schedule corrections and updates

May/June 2011

- Added new ASP codes and prices
- Added new radiology codes
- Added rates for a few codes in 88,000 range
- Added new codes in the 90,000 range
- Added new 2011 lab codes
- Deleted codes recently added to Exclude list
- Miscellaneous other changes

February 2011

Rates added include:

- New codes paying RBRVS rates
- ASC rates for new codes
- New J-codes from Medicare ASP list

Rate changes include:

- RBRVS rate yearly updates
- ASC rate yearly updates
- J-codes (drugs) updates reflecting Jan. 1, 2011 Medicare ASP rates
- Codes terminated by CMS have been deleted.

Added the following codes on March 3, 2011:

- 18 obstetrics codes (59400-59622)
- S5517
- 99211

August 2011

Changed format of fee schedule:

- Replaced ASC field with Rate Type field.
- An “A” in this field means the code is subject to an ASC rate.
- A “P” in this field means the code is subject to a Primary Care rate (if the procedure is rendered by a Primary Care provider).

Made rate changes reflecting Aug. 1 budget reductions:

- For information about all reductions, see the letter posted at https://apps.state.or.us/cf1/OHP/OHPadmin/files/11-454_billingprovrr07111.pdf.
- Not all programs listed in the letter are reflected in the DMAP fee schedule.

Other changes:

- Added new ASP prices.
- Deleted codes recently added to Exclude list.
- Miscellaneous other changes

November 2011:

- Approximately 430 DME rates were corrected.
- Procedure codes paying primary care rate were updated (see www.oregon.gov/OHA/healthplan/data_pubs/feeschedule/2011/primary-care.pdf).
- Updated ASP rates.
- Added rates for about 120 codes.
- Deleted approximately 30 codes.
- Miscellaneous other changes to rates and modifiers.
